

Johnson Will Have Last Word Tonight As NRA Roundup Ends

Administrator Is Silent About Plans Reserving Decision for Last Minute—Three-Fold Task Force Him—Promises Action On Every Point.

Washington, March 7 (AP).—Gen. Hugh S. Johnson will have the last word tonight in NRA's grand roundup of criticism and suggestions. Something important is looked for when the NRA chief takes the floor before the big convocation of code industrialists. There is an expectation at the conference that it may possibly be an announcement of a presidential order cutting working hours and increasing wage rates.

The administrator, it is felt, may bring a detailed program of action designed to put more men to work. His immediate goal is described as a million.

Johnson, however, is not saying anything about his plans. He let it be known that he is reserving decisions on methods for the last minute.

It is clear that many of the arguments against President Roosevelt's suggestions that work hours be shortened have left the NRA chief unconvinced. Exclusive of the capital goods industry, he regards a 10 per cent cut in hours, accompanied by a proportionate boost in wage rates, as feasible.

Not only industrialists but labor and Congress leaders watched for his utterance. Johnson has a three-fold task:

To secure maximum re-employment and protection for public, labor and minority interests.

To head off possible congressional tinkering with the industrial law at this season.

To make both industry and labor as happy as possible in a situation which it is said, permits neither to have its full desires.

Pending the word from him, the assembled industrialists hurried on today to complete their discussions through morning and afternoon sessions.

Dispite their attacks on hour shortening, they did not generally accept the plan proposed by President Roosevelt to be abandoned. NRA men regarded as significant the fact that so far the most strenuous opposition has come from the capital goods industries. Many felt that this class is virtually sure to be left out of the new re-employment drive for the present.

Labor leaders, losing their demand for more sweeping re-employment than is intended by Johnson, watch warily for further handling of the union question.

It was brought to the fore suddenly yesterday when Compliance Director William H. Davis told the code men that most employer representation plans of the steel and automobile industries violate the intent of NRA and will have to be remodeled to remove employer influence.

In congressional circles, chief attention focused on measures to restrain monopolistic tendencies, to keep prices under a close check, and to ease up on the more hard pressed small businesses.

Action has been promised by Johnson on every point.

RECOVERY OUTLAY RAISES PUBLIC DEBT 5 BILLIONS

Washington, March 7 (AP).—Recovery spending increased the United States public debt more than \$5,000,000,000 during the year of President Roosevelt's administration. Figures for March 5, the comparable date for last year's inauguration, put the public debt at \$26,452,457,179 as compared with \$20,958,958,784 a year ago.

The cash balance, however, was \$4,874,559,350 while last year the comparable date for last year's inauguration, put the cash balance at \$200,000,000. In this year's large balance is counted \$2,810,047,708 of profit on dollar devaluation which the treasury has segregated from its ordinary spending funds.

Regulation Bill May Pass.

Washington, March 7 (AP).—Confidence that some stock market regulation bill will be passed this session of Congress was expressed at the White House today, but the attitude of the President on the Fletcher-Rayburn control measure was not revealed.

Edsel Ford Guarded Against Kidnapers

Miami Beach, Fla., March 7 (AP).—Edsel Ford, Detroit automobile manufacturer, went fishing two weeks ago when kidnapers were reported to have threatened him; but he was watched by guards who carried machine guns, the Associated Press was informed today by a high ranking officer of one of the three law enforcement agencies reported to have supplied the guards.

The threat, according to the officer, was made in Detroit before Ford came here February 18, but some indication an attempt might be made was said to have prompted a request for protection.

The guards returned to routine duties when the boat came back to Miami Beach after five days of fishing by Ford in the lower Florida Keys.

Officers said they did not believe there were guards now about the Ford cottage on the grounds of a hotel here, other than the customary private police of the hotel.

Governor Today Warns of Liquor Chaos Unless Bills Are Enacted

Comment Drawn From Chief Executive When Informed of Proposal to Extend State's Temporary Liquor Control System Until February 1, 1935—Measure Would Permit ABC to Issue Liquor Licenses at Once.

Albany, N. Y., March 7 (AP).—Governor Lehman issued a warning today that unless liquor control legislation is enacted during the next three weeks New York State will run into a "chaotic" situation.

The governor made his comment when he was informed that extension of the state's temporary liquor control system until February 1, 1935, was proposed in a bill introduced this morning by Senator Philip N. Kleinfeld, New York Democrat.

The bill would permit the State Alcoholic Beverage Control Board to begin work immediately on the issuance of liquor licenses so that the control over the sale of alcoholic beverages would be provided for during the interim period between April 1, when the temporary set-up expires, and the time a permanent control plan is adopted.

Senator Kleinfeld also asked for a \$300,000 appropriation to meet the expenses of the board during the coming year. The extension of the present system would automatically end when a new plan is approved by the legislature.

The bill was introduced after legislative leaders ended a conference with the ABC board late yesterday and decided that some provision must be made immediately to start issuing new licenses. This will take considerable time, the board said, and

delay would mean a large loss of revenue.

Governor Lehman said he had not seen the Kleinfeld bill, but that he felt an extension of the board's life would be necessary to handle the situation until permanent legislation is worked out.

"I have talked with legislative leaders several times within the past few days and urged upon them the need for immediate action on liquor control," the governor said.

"The legislature has to act promptly either to extend the present set-up or to pass a new law.

"There would be chaos if we allowed the present law to expire without adopting some sort of control legislation to take care of the interim period. There would also be a tremendous loss of revenue and it is naturally to the best interest of the people that liquor legislation be enacted immediately."

The Kleinfeld measure, it is understood, has the support of both Democratic and Republican legislative leaders. Senator John J. Dunigan, Democratic leader, and Senator George R. Fearon, Republican leader in the upper house, discussed the matter with the ABC board before the bill was introduced. Speaker Joseph A. McGinley and Assemblyman Irwin Steingut, Democratic minority leader, were also reported to have been consulted on the measure privately before it was presented.

City's Child Population Is 7,164 Under 18 Years

School Census Just Completed Reveals There Are 2,071 Children in the City Under School Age—Census Taken As An Approved CWA Project—Census Figures Just Made Public.

That there are 7,164 children in Kingston under the age of 18 years, was revealed today when the final figures of the school census were made public. This census was an approved CWA project, and was made with the idea of furnishing the board of education with figures showing the probable increase in attendance in the city schools that may be expected within the next few years.

This figure of 7,164 is divided as follows:

High school, city attendance	880
Under 18	2,938
Public schools	2,938
Attending other schools	1,275
Non-attendance	2,071
Total	7,164

The number of children in the city ranging in age from under one year to 17 years of age follows:

Under 1 year	316
1 year	354
2 years	340
3 years	349
4 years	383
5 years	422
6 years	457
7 years	448
8 years	448
9 years	448
10 years	448
11 years	408
12 years	462
13 years	462
14 years	367
15 years	329
16 years	370
17 years	329

Treasury Receipts.

Washington, March 7 (AP).—The position of the treasury March 5 was: Receipts \$29,837,504.10; expenditures \$26,674,734.23; balance \$3,162,769.87; customs receipts for the month \$4,236,351.14. Receipts for the fiscal year (since July 1) \$1,947,784,857.84; expenditures \$4,231,472,111.52 (including \$2,474,283,515.28 of emergency expenditures); excess of expenditures \$2,283,687,253.68; gold assets \$7,591,641,742.65.

Local CWA Notified To Cut Its Quota 7 Per Cent

The local CWA has received a letter from the federal CWA notifying it to make a further cut of 7 per cent in its quota, effective on Friday, March 9. The present quota is 1,184, having been cut from 1,269 to the present number recently.

Further cut reduces the local quota to 1,097, making it necessary for the local administration to notify 77 workers that their services will not be needed after Friday.

In a recent letter received by Mayor C. J. Neelander from the state CWA it was stated that weekly reductions would be made in the local quota until the last of the month.

"Fixup or Shutup" LaGuardia's Order To Slum Landlords

Campaign Began To Wipe Out \$7,000 Tenements—First Squallid Dwelling Posted Today—Exorbitant Rentals in Proportion To Advantages Are Cited.

New York, March 7 (AP).—Human misery... Fifth... Quick death in slums...

This ancient trumvirate of the lower East Side slums faces sudden curbing as the result of a campaign by Mayor Fiorello H. LaGuardia to wipe out 67,000 tenements where he says human life is housed at a discount.

The first of numerous vacate orders were tacked to squalid doors today by Tenement Commissioner Langdon W. Post. Thousands of others are to follow as soon as the city perfects machinery for moving rehoused occupants.

Twenty-seven people have fallen victims to tenement fires since January 1, 11 of them in the last 10 days.

Aroused to fighting mood, Mayor LaGuardia ordered tenement owners to "fix up or shut up."

Tenement owners, fearful of being unable to meet the financial cost of restoration, threatened to "dump in his lap" 67,000 tenements and leave 650,000 families homeless in the streets.

The answer was the posting of vacate orders. "We're ready," LaGuardia said.

On a preliminary inspection into Scamell and Cherry streets down by Brooklyn bridge, Commissioner Post personally led his tenement inspectors into darkened, dank hallways and "apartments" where families dwell in feld surroundings.

Fire hazards... candles, oil lamps burning by day... water, electricity off... filth in hallways.

Rusted ladder-fire escape... wooden stairways... rain water in pools on the floor... cascading plaster... darkness... smells... \$3 a month rent.

Mrs. Mary De Filippo living with her nine children in two rooms... tomatoes stewing on a rickety open coal stove... live coals dropping... the baby seated on grated cheese in a tin container.

"Apartments for rent, all modern improvement." Joe Filippo: "You can't do nothing for us. Nobody can do anything for us."

M. E. Conference To Be Held in New York

Conference Will Appoint a Pastor to Clinton Avenue M. E. Church and Also a District Superintendent to Succeed the Rev. George A. Shahan, Whose Term Expires.

The 135th annual session of the New York Conference of the Methodist Episcopal Church will be held in St. Paul's M. E. Church in New York city from Thursday, April 12, to and including Monday, April 16, when Bishop Francis J. McConnell will appoint 300 pastors to the various churches in this area.

Besides the appointment of pastors Bishop McConnell will appoint a district superintendent of the Kingston district to succeed the Rev. George A. Shahan whose six year term of office will expire at the close of the year.

Under the church law a district superintendent cannot succeed himself and Dr. Shahan will return to the pastorate and be appointed pastor of some church in the conference.

There are also three vacancies in important churches in the conference caused by death of the pastors during the year. The Clinton Avenue M. E. Church is without a pastor due to the sudden death of the Rev. Charles E. Kignall, who died in January. Grace Church in Newburgh, whose pastor, the Rev. Robert L. Halsey, recently died, and St. Paul's Church, Peekskill, whose pastor, the Rev. William J. Vaughn, died during the year. These vacancies will be filled by the appointment of pastors by Bishop McConnell at this time.

Car Loadings Gain.

New York, March 7 (AP).—New York Central's total loadings last week were 108,379 cars compared with 100,743 the previous week and 77,858 a year ago.

Just A Year Ago Today...

(Taken from the files of The Freeman.)

Kingston aldermen criticize city streets in common council meeting. Too many holes in pavements is contention.

Governor Herbert Lehman, financial dictator of state in banking emergency, moved swiftly today to provide people with scrip while banks are closed.

Commissioner to point from life the portrait of Secretary of State Cordell Hull goes to Soss. Melick, Kingston artist now living in New York city.

Unemployed march to New York state capital, seeking jobless relief legislation.

Rental of \$100 to Be Charged for Use Of City Auditorium

Building Committee of Common Council Submit Lengthy Report on Steps Being Taken to Draft Rules for Use of New Auditorium—Benedictine Hospital and K. of C. to be Charged \$100 Each for Use of Building for Annual Balls.

The building and supply committee of the common council Tuesday evening submitted a lengthy report of what steps it was taking to draft rules and regulations for the use of the Kingston Municipal Auditorium, as the remodeled armory is now known, and that the committee would draft a scale of rental prices to be submitted later to the council for approval.

In the meantime, the committee decided to charge the Benedictine Hospital and the Knights of Columbus \$100 each for the use of the building for their annual balls to be held when the building is ready. The committee stated that this rental figure had met the approval of both organizations. The committee report follows:

The Building and Supply Committee composed of the following members: Mayor Zucca, chairman; Alderman Cornwell, Renn and Reinhardt, met with the mayor in his office this evening, with members of various organizations which have used the armory in the past for social events, to discuss regulations regarding the use of the Kingston Municipal Auditorium.

Organizations represented at the meeting were: Kingston Shriners, Knights of Columbus, Benedictine Hospital, Muscular Union, American Legion, Veterans of Foreign Wars, Ulster County Provision Dealers' Association, Kiwanis, Rotary, Superintendent, Van Ingen, representing the city schools, Coach Kins of the High School and Carl Studer.

Chairman Zucca stated the object of the meeting in bringing together representatives of the various organizations which have used the old armory in the past or might want to use it in the future, was for the purpose of getting some idea as to what they thought would be a fair charge for the use of the auditorium. Also, as to what rules and regulations should be enforced when any organization uses it. Nothing definite has been obtained as to the cost of lighting, heating, janitor service, insurance, etc. When these matters have been figured out then it will be possible to know just what the carrying charges on the auditorium will be.

Mayor Heitselman was of the opinion that the Auditorium should be used for recreational purposes when not being put to other use. He also thought the Common Council should appoint a committee to endeavor to contract various organizations which hold conventions to come to Kingston for their convention; that we should make use of a convention city. The use of the Auditorium should be given to such conventions free of charge.

Representatives of the Benedictine Hospital who hold their annual ball on Easter Monday night stated that plans had been made to hold it in the Auditorium and asked if it would be ready by that time. Mr. Halverson, one of the architects, stated that there was some doubt as to whether or not the toilets would be installed by that time as conditions had arisen which necessitate a simple tank with ejector system installed. He thought, that perhaps some temporary arrangements might be made if the ball was held that night, providing the new system could not be installed by that time.

Chairman Zucca stated that requests had been made for the use of the Auditorium on the opening night, but thought that as no funds had been provided in the budget for incidentals which might have to be purchased after the completion of the work, that the committee of the Common Council might want to stage some affair on the opening night to raise funds to carry on the balance of the year.

It was brought out in the meeting that the charge for using the old Armory depended on what use the affair was being staged. Some said that they had paid \$25 and \$10 for a band, while the rate for other events had been higher.

The question of the checking privilege was brought up. It was the sense of the Building Committee that if an organization has all the receipts from the check rooms that the rate should be more than some events that did not have any checking of hats and coats. Others were of the opinion that the rate might be worked on a sliding scale or have a flat rate and charge a certain percentage of receipts over a stated amount. It was also suggested that all organizations be classified and a charge be based on the amount taken in. Some suggested that the charge be made \$100 for use of the Auditorium with checking privileges for charitable organizations. When for other purposes, the rates for booking purposes, that the rate be higher to cover the cost of gas. As to promoters wanting the use of the auditorium, that the rate be on a percentage basis.

It was the opinion of those present that the building should be as near self sustaining as possible in order that the taxpayers would be relieved of having to help carry the burden.

Regarding plans for use in the auditorium, it was recommended that none be purchased; that each organization obtain their own for the affair they are holding. This is due

\$207,000 Expended By Federal CWA In Wages As City Spent \$75,000

That Was the Vivid Picture Brought to Attention of Common Council Tuesday Evening as Local Administration Asked for \$20,000 Appropriation—Local CWA Will Spend, It Is Estimated, \$150,000 Before Projects are Completed—Other Matters.

Since the inauguration of the civil works program the federal CWA has poured into Kingston the sum of \$207,000 which it has paid as wages to local CWA employes on CWA projects here, while at the same time the city was expending the sum of \$75,350.53 for materials and truck hire. That was the vivid picture sketched for the common council Tuesday evening at the regular monthly meeting when a request was received from the local CWA for an additional appropriation of \$20,000 for the purchase of materials to be used during March on CWA projects here.

The request was referred to the finance committee, which will meet Thursday afternoon to consider the request and will prepare a report to be submitted at the adjourned meeting of the council Friday evening.

The communication from the local CWA called attention to the amount of money expended here in wages by the federal CWA and stated that Kingston's quota had been cut from 1,269 to 1,184. Every effort will be made to complete all projects and repair all damage to streets through which the new sewers have been laid by May 1, when it is expected that CWA will cease to function.

Will Spend \$150,000.

Alderman Joseph Epstein wanted to know if any of the aldermen had any idea as to just how much money the local CWA planned to expend in carrying out the projects in the city. City Treasurer C. Ray Everett was given the privilege of the floor and stated that at a recent meeting of the bankers of Kingston, the members of the city administration and the local CWA, it had been stated that to complete all projects would require an expenditure of between \$150,000 and \$160,000 for materials and truck hire.

Have Had \$80,000.

It was brought out that the council in December of last year had appropriated \$20,000, and in February had appropriated \$60,000, making a total of \$80,000 so far appropriated.

Of the last appropriation the city has only borrowed \$40,000 so far. The additional appropriation of \$20,000 asked for will bring the total appropriation of the local CWA, which has been or will be expended, for materials up to \$100,000.

Local Laws Introduced.

As general city taxes are now collected and payable in two installments it has been necessary to make some changes in the city charter provisions in regard to extending the time for the city treasurer to furnish the city assessor with a transcript of properties on which taxes had not been paid. To do this the local laws were introduced and read for the first hearing Tuesday night.

Rejected Damage Claims.

The finance committee reported that on advice of Corporation Counsel Matthew Cahill the committee had rejected several claims for damages against the city. The claims rejected were those of Mrs. Lou White for \$5,000 for injuries she said she had received in a fall on the sidewalk on Broadway, and a claim of her husband, James F. White for \$2,000. The claim of Elizabeth Henry for \$2,000 for injuries sustained in a fall was also rejected. The committee report was adopted.

The matter of whether the city should carry its own insurance was referred back to the laws and rules committee.

Kaufman's Pond.

Messrs. Ferguson and Van Buren appeared before the meeting and called attention to property damages during the flood conditions from the Kaufman brook uptown, and suggested that some way be adopted to drain the brook off into the storm water sewer in Washington avenue. The matter was thoroughly discussed and Mr. Ferguson displayed some photographs showing the brook at flood.

As the council is to meet in adjourned session Friday evening the city clerk was directed to notify the city engineer to be present so that the matter may be discussed and see what action can be taken.

Other Matters.

The resolution that the Kingston Taxpayers' Association had adopted were read and filed.

Residents of the Fifth ward petitioned that a sanitary sewer be constructed in Delaware avenue, from street and Corbett street, to the river in the bed of public water. A petition from the property of the late John J. O'Connell, Jr., for the construction of a sewer from the street to the river, was also presented.

Andersen and Son in a Hospital Suffering From Shock and Ice Immersion—Taxi Driver Managed Escape and Sought Newby Aid.

Albany, N. Y., March 7 (AP).—One man is dead here today and another lies in a hospital suffering from shock and immersion following the wild plunge of a taxicab off a pier into the Hudson river near the center of the city.

The victim, Frank B. Skatte, 40, of Albany, was carried to his death last night in the sedan he was driving to carry him home from work as a crane operator at the Barge Canal terminal. Fred Anderson, the driver, escaped drowning when he was able to force the door beside him, reach the pier and run to a power company sub-station for help.

Anderson told police a heavy squall caused him to overlook a sharp turn in the street from the terminal.

(Continued on Page Three)

Woodstock Legion And Auxiliary Busy

Woodstock, March 7.—The Woodstock American Legion Post and Auxiliary were busy today in celebrating the birthday of the late L. O. O. P. Hall, who was a member of the post and the auxiliary. The event was a social affair, with a large number of guests. The post and auxiliary were very busy in preparing for the event, and the guests were very much pleased with the arrangements. The event was a success, and the post and auxiliary were very busy in preparing for the event.

Wednesday evening, February 28, the Post and Auxiliary held their regular monthly meeting, which was preceded at 6:30 by a dinner served by the Post, they being the hosts in the membership contest held the first of the year. The meal was real army chow, stew with real carrots, baked beans, pickles, rolls and coffee. When the bugle sounded mess call the line was formed and the food served in army style. After the meeting there was another contest, the women playing the men a game of indoor baseball. The score being 9-10 in favor of the women in the last inning, but the boys made four home runs, changing the score considerably. Wesley O'Brien, Theron Lasher, Harry Kutschbach, Frank Prior and John Pepper had charge of the affair.

An Thursday evening, March 8, the Auxiliary will hold another of its popular card and bunco parties in the Legion rooms. Refreshments served will be sandwiches, cake, and coffee. A nominal fee is charged. Mrs. Fred Allen is the chairman, assisted by Mrs. Mattie Elwyn.

Mrs. Aaron Hasbrouck is chairman of the Annual Birthday Party to be held on Thursday evening, March 22. Plans for same have not been completed.

Famous Sons of Famous Fathers

NO. 7—THE ROCKEFELLERS: MONARCHS OF OIL

America has a number of famous men whose fathers also were famous. This article dealing with the Rockefellers, is the seventh in a series of 10 discussing the most outstanding.

By RADER WINGET

New York (AP)—The greatest man in the world trained his son on a farm. John D. Rockefeller Jr. was born at daybreak, wages of 15 cents an hour breaking rocks and chopping wood to "earn the value of money."

His father worked for less than that when he started in business. But after 1867, when he dipped into oil, his income presided beyond the clouds.

Just "Dad."

Popular fancy also tagged John D. with the title of "rich man in the world," as it had many another. But so far as his son was concerned the father was simply "dad."

Said the son: "My father is the most interesting man I have ever known."

His life shows he looked to his father for guidance, but the father never exerted a curbing hand of authority.

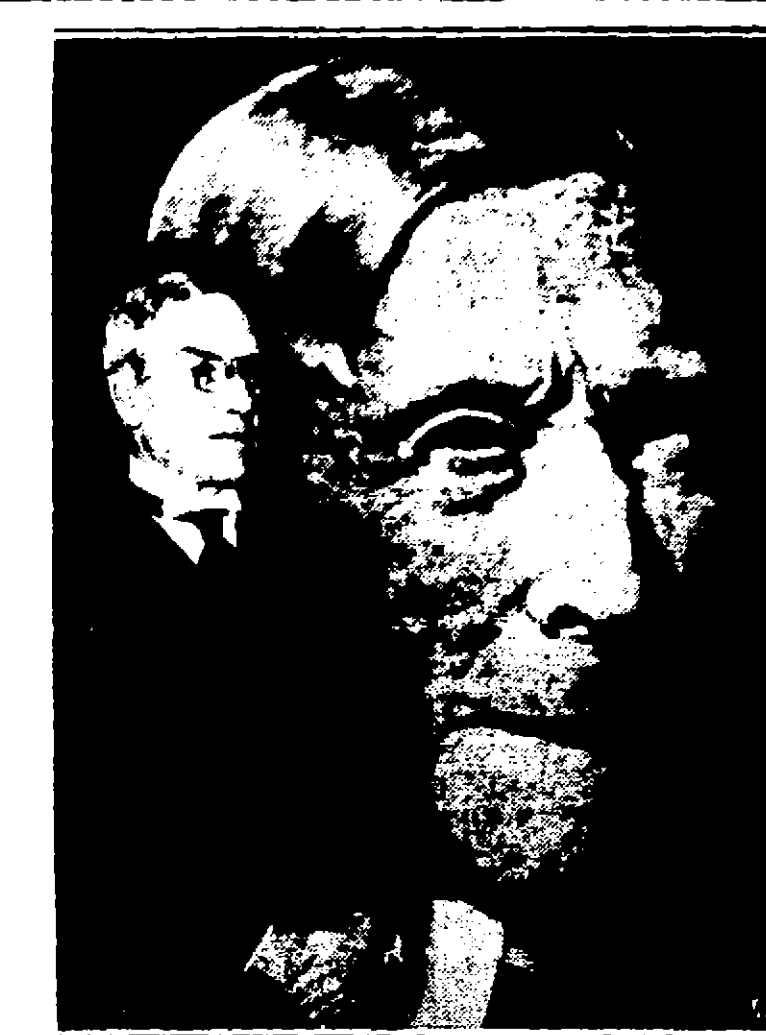

When it came time for the son to go to work, he was given a desk in his father's office. There were no instructions.

"Apparently it was his intention," said the son, "that I should make my own way."

Ready to Catch Him.

It was a case of trial and error in the business world for the son, with the father standing behind him if he should trip.

The father allowed him to trip on at least one occasion, and the son turned to his father for aid. There was no hint of scolding. The

John D. Rockefeller, Sr., didn't hedge his son's life with restrictions. He preferred that the youth make his own way and learn from example rather than precept. John D. Jr. thinks so much of his father's method that he is using it with the third generation of the oil king's family.

The mistake was made by the son when he placed confidence in a stock speculator and bought into an issue. The speculator could not make good his promise, and Rockefeller Jr. was forced to repay a large loan

son had "learned his lesson." used in the transaction. He went to his father, told the story, answered searching questions and received a loan to meet his outside obligations.

As the son told it: "He said he would see me through. That was

all. There was no reproach, and not even a warning as to the future."

Not a Policeman.

Gradually the son took over the direction of his father's mammoth interests, no little part of which was giving away money.

In later years the son lauded his father's sagacity in handling his children and said:

"Any policeman can say 'Don't,' but helpful guidance and wise direction consist in showing us what to do. That has been my father's enduring lesson to me. It is one which every father can give."

The son didn't say "Don't" to his own children when they started to college. He allowed them to make their own choice, and the selections so far have been Princeton, Dartmouth and Yale.

On the Ice.

John D. Jr. likes to recall little stories about his father.

When the younger Rockefeller was a child, he and other children skated on a lake near their home. Senior would carefully test the ice with his own weight before the children started skating.

He led us, said the son, by example rather than precept.

After the family moved to New York a rink was built near the house, and many mornings the elder Rockefeller in a tall silk hat would make a few turns on the ice before leaving for his office.

Today John D. Rockefeller, Sr., plays golf and gives away bright new dimes while his son has taken the empire of dollars on his shoulders.

No Hero Worship For Children.

But even with his distracting work in financial matters, he guides his own children in the ways of his father. They are given a small allowance and guarded from the public hero worship that attaches to wealth.

No crown prince is the oil king's son, and to the grandchildren the royal robes of riches are alien attire.

Rental of \$100 for Use of City Auditorium

(Continued from Page One)

to the fact that while some want an upright piano others want a different model.

It was suggested that there should be 1,000 chairs on the main floor and that such chairs should not be fastened to the floor. The chairs in the balcony should be fastened to the floor. These recommendations were made after it was stated that the hall would accommodate about 1,500 people.

Mr. Van Ingen of the city schools stated they would like to have the use of the auditorium two or three days a week for basketball games. That with the present large enrollment in the high school it was impossible to stage all athletic affairs due to lack of room.

Mr. Kline, athletic director of the high school, suggested that two basketball courts be placed in the auditorium which the high school and grade school pupils could use. That it would not ruin the floor due to the fact the players wear rubber soles when playing.

The question of having indoor tennis was also discussed and will be taken into consideration.

It was suggested that the building could be used for dramatic and musical affairs under the proper supervision and direction.

The question of holding banquets in the auditorium was taken up, but the thought was brought out that such affairs might tend to place the floor in bad condition. It was also stated that the building committee did not wish to have the city compete with the local hotels and restaurants in the matter of banquets. There will be a dining room in the auditorium which will seat about 200 and can be used to serve light refreshments at social events.

Benjamin Suskind, representing the United States Provisional Dealers Association, stated the association would like to hold a food show in the auditorium about the first part of May. The question of booths was discussed and the committee was informed that in the erection of booths for the food show that no nails would be driven in the floor and that in order to protect the floor in front of the booths that canvas could be laid on the floor.

The Knights of Columbus would also like to hold their annual ball in the auditorium about the middle of April if the work is completed so that such an affair could be held in it.

The question of smoking in the auditorium was taken up and one of the rules will be that no smoking will be allowed in the main hall. Smoking rooms will be provided for those who care to smoke.

It was stated by Mr. Hasbrouck that discharges could be erected in the auditorium without damage to the floor.

Before adjourning, Mayor Heisterman told those present that when the Auditorium is completed it will be a beautiful place; something that Kingston has needed for years and a building of which the citizens of the city will be justly proud. It is up to the organizations who use it to see that no damage is done while using it and that we should all strive to keep it in first class condition.

The Building Committee feels that it has accomplished something toward arriving at a schedule of rates. It appreciates the interest of those in attendance in giving helpful suggestions to the committee, and while nothing was done in making up a schedule of rates at the

NEW PALTZ

New Paltz, March 7.—The M. H. M. Card Club was entertained at the home of Mrs. Lavina Coutant on the New Paltz and Highland road Wednesday afternoon. All members were present.

Miss Marie Gaffney spent Sunday afternoon at the home of Mr. and Mrs. Jay Dodd.

The Misses Charlotte Polizzi, Helene Gallagher and Jennie Mondella of the Normal spent the week-end at their homes in Marlborough.

Mr. and Mrs. Jay LeFevre entertained a number of friends of their daughter, Elaine, at dinner Saturday evening. Guests were present from Kingston and New Paltz.

Mrs. John Trowbridge has returned to her home in Rhinecliff after spending a week with relatives in town.

Mr. and Mrs. Charles Young entertained the Pincio Club again at their home Wednesday afternoon.

William Hasbrouck has returned from Freedom Plains where he spent a few days with Harold Regnault.

Mrs. Carrie DuBois of Upper Main street spent Sunday with her sister, Mrs. David T. Van Wageningen, at Ohioville.

Mr. and Mrs. Harry Hornbeck entertained Mr. and Mrs. Arthur Hughes and family of Catskill on Sunday.

M. F. Palen was a guest of Mr. and Mrs. Henry Hornbeck Sunday afternoon.

The Goodfellowship Society held its regular monthly meeting at the home of Mrs. Charles Young on Friday afternoon.

Mrs. Amon I. Roosa is slowly recovering from injuries received from a fall in her home several weeks ago.

Captain Herman C. Dayton entertained friends from Walden Sunday afternoon.

Mr. and Mrs. Nelson Van Nott of Ohioville spent Sunday with her father, William Van Vleet.

Raymond Hasbrouck gave a short talk on Missionaries in the opening session of the Methodist Sunday School Sunday morning, March 4.

The morning church service in charge of the pastor, the Rev. Robert L. Meutersteck, was very helpful.

The choir rendered an anthem with Miss Blanche Gulas as soloist. Vladimir Moody led the Epworth League service. The topic was "Making the Most of Ourselves."

The other topics and leaders for this month are: "Realizing Life's Possibilities," Margaret McCormick; "Achievements That Live," William Hasbrouck; "Victory in the Face of Defeat," Alice Gardner. The evening praise and worship was held at the usual hour, the pastor's sermon subject being "The Achieving Power of Faith." The Halmshaw Fellowship Club supper hour was held at 5:30 Monday evening.

The Ladies Aid Society met in the church parlor Monday evening at 7 o'clock with the annual election of officers.

At 8 o'clock Monday night the official board held its regular meeting.

Prayer service will be held this evening at 7:30. Thursday at 1:30 p. m. the Epworth League will hold a business meeting and social.

SAUGERTIES

Saugerties, March 7.—Miss Ellen Gardner, daughter of Clyde Gardner of Washington avenue is ill with scarlet fever.

A son has been born to Mr. and Mrs. John Pavlock of Cementon at the home of her parents on Barclay Heights this village.

Arthur Jannone, son of Mr. and Mrs. Michael Jannone of Washington avenue, had the bones of his forearm broken in two places from a fall. Dr. Dilling is attending him.

A relief station has been opened in the Masonic building on Partition street where an attendant has charge. Anyone wanting or having any articles of shoes, clothing or bedding may inquire at this place.

The Rev. Dr. Charles W. Lettall, president of Hartwick College at Oneonta, was a recent guest in this village.

Mrs. Harold Van Voorhis of Ulster avenue is again able to be out after a fall which fractured her right ankle.

A son has been born to Mr. and Mrs. Carroll W. Neiffer of Beach street in this village. Dr. James Krom is the attending physician.

At a meeting of the Girls' Community Club held recently the following officers were elected: Alice Voerg, president; Edna Reid, vice president; Rowena Snyder, secretary; Dorothy Bradley, treasurer.

Mr. and Mrs. James Gaddis of Harwick street, Kingston, spent Sunday with Mr. and Mrs. Raymond Benton on Elm street.

Mr. and Mrs. Harold Kamp of Elm street spent Sunday afternoon visiting relatives in Kingston.

A son has been born to Mr. and Mrs. Sidney Samuels of Main street in the Kingston Hospital. Dr. Lettall is attending the child.

Mrs. Willard Whitehead has returned from a three weeks visit in Toledo, Ohio, and vicinity.

The entertainment committee of the community house has announced that the Friday afternoon card party will take place at the usual hour this week.

The senior class of the Saugerties High School has chosen speakers for the class day exercises at Commencement, June 25: Poet, Marion Elder; prophet, John Burns; historian, George Finger; lawyer, Winston Grady. The Rev. John C. Eason of the Methodist Church has been invited to preach the annual baccalaureate sermon to the class on Sunday evening, June 24.

It has been reported that the concrete which was laid on the new bridge during the frigid weather will not be accepted and will have to be replaced by the Harrington Engineering Co. The contractors have suspended all operations on the new bridge until April 1 and Sept. Raymond Marx and family have moved back to New York city and work is resumed.

The condition of Miss Gertrude Lamb, who is ill at her home on Main street, is reported to be about the same.

Solano county, Cal., officers claim Daniel T. Valdes holds a state record for alltimes. They say they know of 126 names he used.

—Advertisement.

Cafeteria Supper.
Circle No. 1 of the Ladies' Aid Society of the Church of the Comfort will serve a cafeteria supper at the church hall Thursday night, March 8, beginning at about 7:00 o'clock. The following is the menu: Chicken pie, Virginia baked ham, scalloped potatoes, mashed potatoes, baked beans, cabbage salad, fruit salad, deviled eggs, homemade pie and cake, jelly with whipped cream, coffee and tea, bread and butter. The public is invited by the ladies to enjoy their fine cooking.

Dr. Childman at Home.
Saugerties, March 7.—Dr. Roger Childman of Main street has returned from the Kingston Hospital where he suffered from injuries received from an automobile accident.

"I STOOPED TO FILE A LETTER
—POP—WENT ANOTHER RUN"

"Then I learned how to cut down on RUNS.."

"It seemed I used to get a run almost every time I stooped down," says Helene Spear. "Then a friend suggested washing stockings with Lux. They last much longer—seldom get runs now!"

LUX cuts down runs because it saves stocking elasticity. Cakes soap rubbing and soaps with harmful alkali weaken elasticity—then the silk tends to break instead of giving, under strain. No harmful alkali in gentle Lux!

BEFORE YOU BUY...

be sure you know about this latest development in automatic heating

Just suppose you were to buy some other kind of automatic heating and then see the G-E Oil Furnace. You might be so sorry, that you'd wish you had known before about this complete, coordinated heating unit that is the first real improvement in automatic heating since the attachment oil burner. Luxurious, completely automatic, works as smoothly as a high-priced car—yet is saving owners 20% to 50% on fuel bills.

Come in and see it, let us tell you the whole story, including terms that extend payments over 2 1/2 years.

GENERAL ELECTRIC OIL FURNACE

ARTHUR J. HARDER

88 NORTH FRONT ST. TEL. 2141. KINGSTON, N. Y.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Adv.

TAFT NEW YORK

The Taft, a great modern hotel, is located in the heart of business and entertainment activities. Its guests enjoy many unexpected services and unusually low rates. 2000 rooms with bath, from \$2.50.

See us on George Ball and in the Chamber Directory.

ALFRED LEVY, Mgr.

Milk Control Board Requests Extension

Albany, N. Y., March 7. (AP)—The emergency which resulted in enactment last spring of the milk control law still exists, the state control board today recommended to Governor Lehman and the legislature a continuation of its price fixing powers for another year.

The board also asked that its duties be made a permanent function of the Department of Agriculture and Markets with its powers vested in a director "who shall also head a division of milk control in which all of the state's economic control of milk is centralized."

"The emergency which resulted in the enactment of the milk control law still exists," the board reported. "Without state control our dairy farmers have been unable to secure for themselves a fair price for their milk. x x x If the state control is withdrawn at this time, milk prices will undoubtedly fall to a very low level, and the conditions in the dairy industry will become chaotic."

Shoon Is Busy

Washington, March 7. (AP)—Anxious to help the plight of the New York dairy farmer Representative Fred J. Shoon said today he would attempt to show the return they receive for their milk is virtually dictated by a combination between one of the largest milk cooperatives and one of the largest milk distributors.

Fears from Ice Jams Lessened

Fears of damage from the two big ice jams, each over a half a mile long, on the Lackawack stream above Napanoch, have been lessened and no trouble is expected barring a heavy rain.

The jam above the bridge at Honk Falls lake was dynamited Monday. A blast was set off opposite the Hornsberger place, opening up the stream and carrying much of the ice down upon the ice which still covers the lake. They came near losing the dynamite for the job when the truck carrying it caught fire near Napanoch. The fire was put out by the use of sand, before much damage had been done.

A channel opened in the jam at the Napanoch Country Club Monday and it is hoped that the situation there will gradually clear up without serious trouble.

Frank F. Kolts Is Made an Alderman

Mayor C. J. Heiselman has appointed Frank F. Kolts of 74 Foxhall avenue as alderman of the Third ward to fill the vacancy caused by the election of Alderman Schwenk to the position of alderman-at-large made vacant when Alderman-at-large C. J. Heiselman became mayor on the resignation of Harry Walker.

Alderman Kolts attended his first council meeting Tuesday evening.

DAMAGE NOT AS BAD AS AT FIRST THOUGHT

Damage to the temporary bridge over the Rondout near the Napanoch institution from high water and ice is said to be not as severe as at first reported. The ice carried away some bracing at the center of the span and caused some other damage necessitating the closing of the bridge to travel till repairs could be made.

Tariff War Ends

Warsaw, Poland, March 7. (AP)—Germany and Poland ended their tariff war today with a mutual trade treaty. It was signed by Joseph Beck, foreign minister of Poland, and Hans Rolf von Nolke, German minister, and becomes effective March 15. The signature concludes eight-and-one-half years of friction over irksome customs measures and retaliatory counter moves.

Taken to Danemora

Robert Roy Brown, whose conviction in County Court on a charge of selling habit forming drugs, was recently upheld by Supreme Court Justice Staley, was taken to Danemora Tuesday by Jailer Abraham Molyneux. Brown was sentenced by Judge Traver to serve from three to six years.

Lenox Prayer Meeting

The first of a series of three Lenten prayer meetings to be held by the women of the three Reformed churches, will be held Friday afternoon at three o'clock at the Church of the Comforter. It is hoped all three of the churches will be well represented.

DIED.

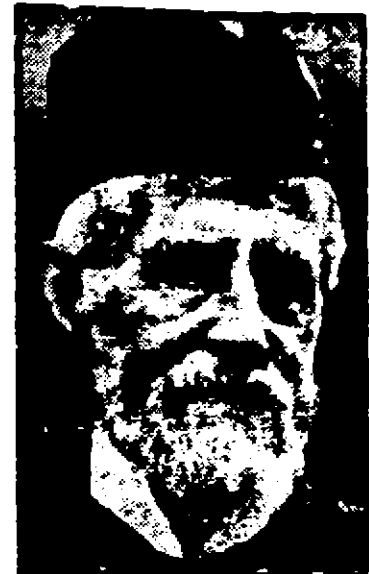

CHAMBERS—In this city, March 6, 1934, George Chambers. Body may be viewed at any time at the W. N. Conner Funeral Home, 235 Fair street. Funeral services will be from the Funeral Home, Friday, March 9th at 2 p. m. Relatives and friends are invited. Interment in the Wiltwyck Cemetery Vault.

CONRO—In this city, Monday, March 5, 1934, Mrs. Belle Conro, of 43 St. James street.

Funeral from the residence of her brother, William Jordan, at Broadhead, N. Y., Thursday, March 8, at 10 a. m. Relatives and friends are invited. Remains will be placed in a receiving vault at Woodstock Cemetery for interment later in Tongue Cemetery.

Lord Aberdeen Is Dead, Aged 87 Years

LORD ABERDEEN.

Tarland, Aberdeenshire, Scotland, March 7. (AP)—John Campbell Hamilton-Gordon, first Marquis of Aberdeen and Tenuir and former governor-general of Canada and lord lieutenant of Ireland, died at his home, Cromar, here today. He was 87 years old.

Nearly six decades of public service, including church and charity work, marked the life of Lord Aberdeen, a contemporary of Gladstone and who received his first appointments from Queen Victoria.

In the closing months of the Gladstone administration in 1895 Lord Aberdeen, who was then the seventh Earl of Aberdeen, was appointed lord lieutenant of Ireland.

He served as governor general of Canada from 1893 until 1897 and in 1905 began a second term as lord lieutenant of Ireland, a post he held for ten years.

The democratic tendencies of Lord Aberdeen and his wife, the former Hon. Isabel Maria Majoribanks, youngest daughter of the first Baron of Tweedmouth, were twice subject to court investigations. The first was at the direction of Queen Victoria and the second ordered by King VII, both sticklers for court etiquette.

SAYS PRESIDENT IS VIRTUAL DICTATOR IN MANY INSTANCES.

A subscriber to The Freeman finds a recent editorial in the Poughkeepsie Evening Star and Enterprise, which claims to be "Independent in Politics," and which is published in President Roosevelt's home county, rather enlightening as indicating that the Republican newspapers are not the only ones that refuse to accept as pure gospel the innovations of the present administration.

The editorial makes the statement that "the President in many instances has become virtual dictator of the United States," and adds further on: "In a year when the depression was felt most keenly, the government spent the most money to alleviate depression conditions. Only as each individual has been affected by the government's hurrying about of public money, can the system be evaluated. Those who eventually must pay the bills, have stood by shuddering. Those who gained benefits have cried for more and more money.

"No one can say whether the open-handed granting of public funds to the depression will achieve its object more quickly than the careful, plodding and prudent Hoover program which was tossed into the junk heap when the Rooseveltian forces took over the Capitol."

MINSTREL AT EPWORTH HALL AGAIN TONIGHT

The Clinton Avenue Minstrels measured up to all expectations at Epworth Hall Tuesday night when the Men's Club show filled the house for the first of the two night's performances.

The orchestra of 12 pieces under the direction of Ida Parsells opened with an overture of popular melodies and started the audience off in the proper frame of mind to see the balance of a melodious and hilarious, fast moving two hour show. With the finish of the opening chorus, the end men, aided and abetted by "Mr." Interlocutor and the chorus, started right in to cut up their capers and keep the audience in good humor.

Following the minstrel first part, Ray Parsells, who directed the show, and his brother, George, presented a dialogue which proved of great amusement and furnished the contrast for the next part of the show which depicted by song and tableaux "Memories of Uncle Tom's Cabin Days," with Dale Auchmoody forcefully and dramatically portraying old Uncle Tom.

Tonight's performance will start at 8:15 and another evening in black and white is expected to please the full house expected.

Flood Victim Found

Rochester, N. Y., March 7. (AP)—Searchers today recovered the body of Christian B. Hummel, 77, of Perinton, first victim of spring floods in the Rochester area. Hummel, a retired baker, was swept away and drowned Monday afternoon while attempting to break up an ice jam in Thomas Creek near his home. The body was found, caught on a submerged tree, by the dead man's son, Dr. Walter M. Hummel. Swift currents had carried the victim 2,000 feet down stream.

Cash Relief a Possibility

Albany, N. Y., March 7. (AP)—The Assembly today passed and sent to the Senate a bill which would permit local relief agencies throughout the state to dispense cash relief instead of food tickets exchangeable at designated stores. The Senate receiving the measure while still in session, postponed action until Monday night. The bill was introduced in the Assembly by Democratic Leader Irwin Stelagut.

Society Notes

Golden Wedding Anniversary. Saugerties, March 7.—Invitations have been issued for the celebration of the golden wedding anniversary of Mr. and Mrs. L. M. Lazarus, of Main street, the village, to be held Sunday evening, March 11, at the Roseland Lodge.

Surprise Party. Ardenia, March 7.—The Misses Helen and Marian Palmer were given a birthday surprise party at their home Saturday evening. The following young people were present: The Misses Gladys Cox and Beatrice Ward from Modena, the Misses Norma and Emma Conklin, Mary Kathryn and Helen Fowler of Clintondale and Emma Hyatt, Robert Glenn, Jack Harris, Charles Eber and William Palmer, also the hostesses, the Misses Marion and Helen Palmer.

Lowell Club met this week at the home of Mrs. Wonderville. There were two excellent and highly interesting papers given, one on "Leo Tolstoy" by Mrs. Basten, the other on "Henrick Ibsen and James A. Barrie" by Miss Nance. Another pleasing feature of the program was the readings from Barrie's play, "Little Minister," given by Mrs. Murphy. Next week the club will meet with Mrs. Ingalls.

Birthday Party. Many little friends of Marjorie Augustine gathered at her home Saturday afternoon, March 3, to celebrate a party in honor of her 8th birthday. During the afternoon games were played, dancing and singing enjoyed. Everyone took part in the donkey game and Marie Conroy won the first prize and the booby prize was won by Mary Lou Beyersdorfer. Among those present were Ann Jenks, Betty McCutcheon, Joan Hickey, Marie Conroy, Marjorie Augustine, Marion O'Neill, Marjorie Lou Beyersdorfer, Junior Aht and Bobby Beyersdorfer. The little guests departed after having enjoyed a good time and wishing Marjorie many more happy birthdays.

About the Folks

N. R. Murphy has returned to his home in Woodcliff, N. J., after visiting his sister, Miss Katherine Murphy, on East Chester street.

A son, Morris Lauren, has been born to Mr. and Mrs. Sidney G. Samuels of Saugerties, at the Kingston Hospital.

Mrs. David Westbrook is convalescing after a serious illness at the home of her sister, Mrs. William Ruffe, 12 Crown street.

Mrs. Freida W. Henninger was transferred from the Kingston Hospital to her home, 132 Ten Brock avenue, Tuesday afternoon by the W. N. Conner private ambulance service.

THE JOINERS

News of Interest to Members of Fraternal Societies

Camp 30, P. O. of A., will meet in Mechanics' Hall, 14 Henry street, tonight at 7:30. Following the business session there will be a public card party at 8:30.

There will be a regular meeting of Rip Van Winkle Triangle, O. E. S., Thursday evening, March 8, at 8 o'clock in the Masonic lodge rooms, 250 Wall street.

Atharhacton Rebekah Lodge, No. 357, will hold its regular meeting in its rooms on Henry street Thursday evening, March 8. The degree mistress requests all that take part on the degree staff to be present for rehearsal.

The regular meeting of Clinton Chapter, No. 445, O. E. S., will be held at Masonic Hall, Wall street, on Friday evening. One member will be received by affiliation. A social hour with refreshments will follow the business session. All Stars and Master Masons are invited to attend.

JAIL RECEIVING ROOM REPAIRED

Sheriff Saxe is having the wall in the receiving room at the county jail repaired and refinished and a wood panel will be placed along the wall to avoid damage in the future from chairs.

Corn-Hog Allotment Blanks

The Farm Bureau has received a supply of the necessary forms for hog and corn raisers of Ulster county if they care to qualify for the federal reduction allotments. If any farmer is raising pigs for sale or has over ten acres of corn for grain and cares to comply with the requirements, and receive the benefit payments, the necessary blanks and contracts may be secured at the Farm Bureau office, 74 John street, Kingston.

Advance Advice Claimed

Washington, March 7. (AP)—Testimony received by the senate banking committee that J. P. Morgan and Company, sold 4,500 shares of United Aircraft stock shortly before government cancellation of the aircraft contracts was cited in the senate today by Senator Robinson (R., Ind.) as evidence that the "International Bankers" had advance information on the action.

Ball Spammers Carry On

Albany, N. Y., March 7. (AP)—Still confident that they will eventually obtain enough Democratic support to pass Mayor LaGuardia's New York city economy bill, its sponsors today prepared the way for more ballots on the measure. The next ballot, the fourth since the season began, probably will be taken next week.

Changed Name of Hain

The name of Hain was changed by the United States geographic board. When Christopher Columbus discovered the island he called it La Espanola or Little Spain, of which Hain was an anglicization.

FIND HULL, MAY BE LA SALLE'S VESSEL

Aboriginal Tales Lead Hunters in Lake Huron.

St. Joe, Mich., March 7.—Old Indian legends, handed down at the council fire from father to son, apparently were borne out here. After a three-day search, in which many holes were cut through the 24-inch ice of Lake Huron, the hull of an ancient vessel was found on the bottom of Birch island, where aboriginal tales long had maintained La Griffon, first sailing boat on the Great Lakes, would be found.

The little ship was constructed in the winter of 1675-76 by Rene Robert Cavalier, Sieur de la Salle, who set sail in it in May of 1679 on the first leg of his famous journey of exploration to the country of the Illinois.

La Salle himself, however, left the boat, which was built at the mouth of Cayuga creek on the Niagara river, at Green Bay, Wis. There, guided by the thought of his debt to his countrymen at Fort Frontenac, he determined to load the vessel with furs and send them back in payment.

Twelve thousand pounds of skins were put aboard the little ship and she started back with a crew of five sailors, the captain and a supercargo. La Salle ordered the boat to stop on the way at Michillimackinac. It never reached there nor was heard from again.

Indian legends, however, said the vessel sank in a storm off Birch island in Les Cheneaux group, near what is now Hessel, Mich.

This winter Mike Onogwin, Chippewa Indian, succeeded in interesting the chamber of commerce of Hessel in a search for the boat despite the fact that a Canadian commission in 1900 declared a wreck at Manitoulin island to be the long missing Le Griffon.

At first it was planned to hire a diver, but because of the expense and difficulty of diving through the heavy ice, it was decided to make the search without one. Oliver Birge, a lifelong resident of Les Cheneaux Islands, and the Indian succeeded in locating an ancient hull at the approximate legendary spot.

After the discovery it was decided to wait for warmer weather so that a diver may search the hull for further identifying marks. It is hoped a name plate may be found or that a brass cannon may be discovered of the type "Le Griffon" was known to have carried.

Clerk Gets County Post, Removed in Half an Hour

Seattle.—The shortest term of office in the history of King county was the record claimed by Fred E. Phelps. For thirty minutes he was county treasurer, succeeding George G. Wittenmyer, who is sought on a grand larceny charge growing out of an apparent shortage of \$31,516 in tax collections.

The name of Phelps, chief accountant in the county auditor's office, was suggested by state examiners who were going over the treasurer's books. He was approved officially by two of the three county commissioners, Louis Nash and Wilmer B. Brinton.

A messenger found him seated on his high stool. When he went before the board he blinked in amazement as the post was offered to him, and stammered his acceptance.

But in a few minutes John C. Stevenson, chairman of the board, arrived with objections. The board was reconvened, the appointment was rescinded and a former banker was chosen.

Phelps, his half hour of glory past, went back to the high stool and donned his cravat.

Mother and Daughter Tour World on Burros

San Francisco. — A mother and daughter, who shun the speed and luxury of ordinary methods of travel, are starting a trip around the world with a pack train of four burros for transportation and the sky for a roof.

They are Mrs. W. R. Horman, thirty-two, and Katherine, fifteen, of Berkeley, Calif. Born on a Texas ranch, both know how to make burros behave. They expect to make expenses selling pictures of themselves and save enough to cross the ocean to Europe on a freighter.

New Vitamin Found in Rye, Experts Say

Budapest. — A hitherto unknown vitamin must be contained in rye, two physiological experts, Prof. Arthur Zalesek and Dr. Stefan Weiser, explained at the conclusion of a series of recent experiments.

Animals fed on rye and wheat, respectively, showed markedly different reaction. Those getting wheat put on more weight, but those living on a rye diet became vigorous and active.

Further examination showed that the rye diet stimulated the sex gland of the animals, both male and female. In old specimens, a marked rejuvenation effect was noticeable.

The two scholars declared that, in order to explain these effects, the existence of a new vitamin must be assumed. Further research will be made to detect the nature of this new substance.

Meanwhile Professor Zalesek and Doctor Weiser advised breeders to include more rye in the diet of their cattle.

C. B. of A. Meeting, 9:15

The regular meeting of Court Santa Maria, Catholic Daughters of America, will be held at 9:15 o'clock Thursday night, instead of at the usual hour on account of the mission at St. Joseph's Church. The meeting will be at K. of C. Hall, Broadway and Andrew street.

Believe It Or Not Grass Fire Here

News From Near Mizzard of Few Days Ago Still on Ground and Fire Department is Called for Grass Fire Tuesday Night—Other Calls for Fire Department.

Strange as it may seem, the fire department responded to call for a grass fire on Cornhill street, near the U. S. Lake Mills and the snow from the mizzard of a few days ago is still on the sidewalks and streets in many sections of the city. The call for the grass fire was received by the Central Fire Station at 11:40 o'clock Tuesday evening.

About 8 o'clock Tuesday night the fire department was called to the Westberg building at 271 Fair street, where smoke filled the cellar from the oil heater which needed some slight adjustment. There was no fire.

Smoke from the heater backed up and filled the house of John L. Hughes at 58 Stephen street with smoke on Tuesday, and the fire department was called. There was no fire.

This morning while Mrs. Richard K. Fox was heating clothes on the kitchen stove it caught fire, causing a heavy smoke. The fire department responded to a still alarm of fire.

NRA Should Muzzle Press, Shoe Man Says

Washington, March 7. (AP)—Government censorship of newspapers as far as the NRA is concerned was advocated at a code administration conference today by Jack Wallace of San Antonio, Tex., a member of the shoe rebuilder's code authority.

Wallace asserted the root of non-compliance with NRA code lay in the failure of the administration to make the consuming public "compliance conscious."

Claiming the nation's newspapers were 80 per cent Republican-owned, controlled or operated, and were building up the Republican party for the 1936 campaign, Wallace asked "Why not government supervision of the press relating to the NRA?"

"It is up to code authorities to do the muzzling of the press," he said. "Reserve censorship, he advocated a new NRA publicity board composed of newspaper and radio executives."

63 National Banks Opened in February

Washington, March 7. (AP)—The Federal Reserve Board today announced that 63 national banks with \$49,927,000 in assets and \$6,568,000 in deposits had been opened or reopened in February.

This compared with the opening of 49 national banks in January and 17 in December. O'Connor said that at the end of February the number of national banks in the United States had been reduced to 244 as compared with 1,118 last March 1st, the first day after the bank holiday.

The reopened banks that have been in "conservation" hands include:

New York: Greenwald, First National Bank, \$185,000 and 10,000; Kings Park, Kings Park National Bank, \$720,000 and 40,000; Oxford, First National Bank, \$775,000 and 40,000.

Holy Cross Men's Club. There will be a regular meeting of Holy Cross Men's Club tonight at 7:30 in the parish house, followed by a dart baseball game with St. Paul's team.

In view of the fact that other hospitals in nearby cities supply ambulances, why should Kingston hospitals be exempt? In closing let me add that the matter was left to drag on during and since the Block administration and undoubtedly will never be brought up. Just why this should be deponent sayeth not.

T. G. EDINGER,
51 West Chester St.

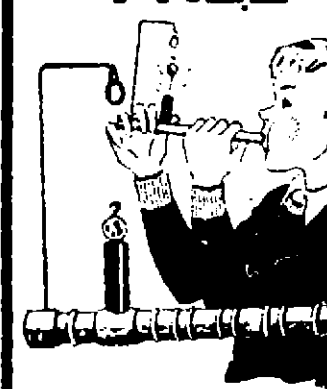

10 CENTS WORTH OF CEMENT FOR \$32,000 IN GOLD

London, March 7. (AP)—Police puzzled today by the disappearance of a small fortune in gold from a ship-ping box between Capetown, South Africa, and a London bank.

When the box was opened at a London bank it contained not 230 ounces of the precious yellow metal and worth \$32,000 but nine cents worth of cement.

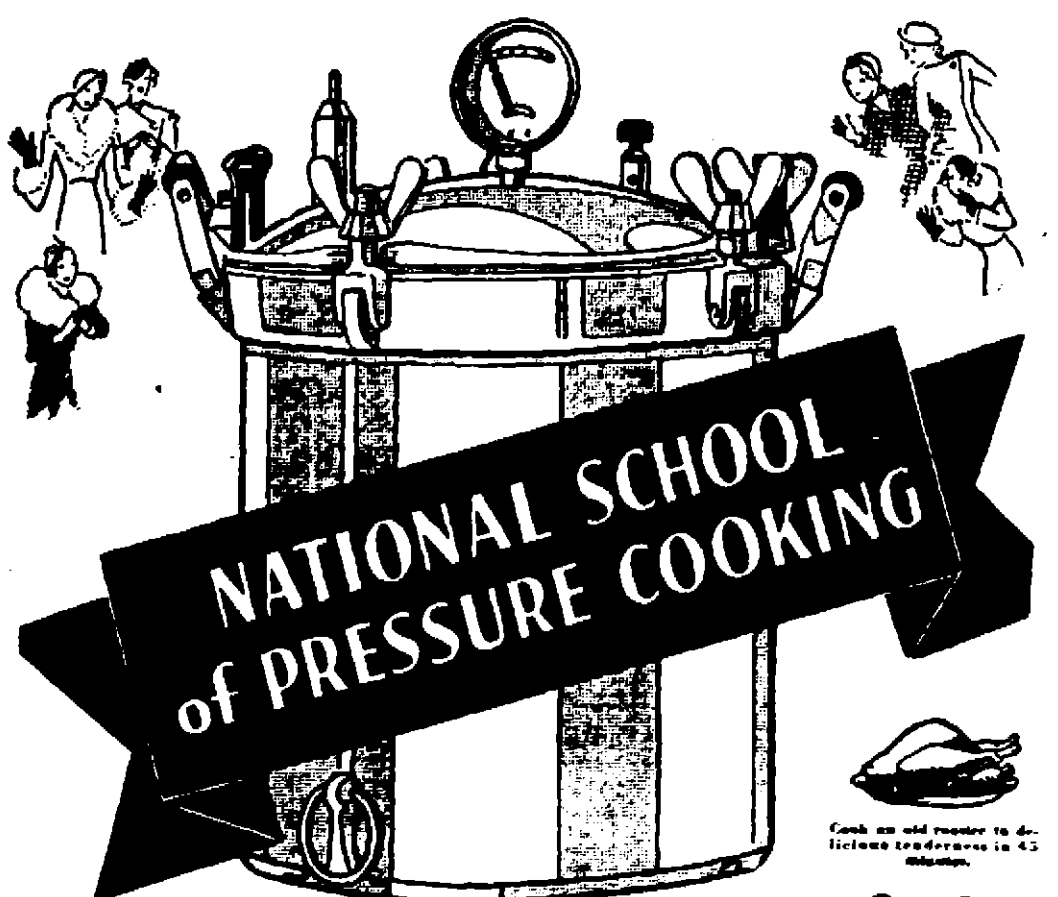

All the police know is that there was gold in that box when it started for London, that the box was locked in a ship's strong room throughout the voyage, and that the police themselves watched it constantly when it was transported by train from Southampton to London.

Mrs. Lovatt Heads Sane Liquor Group

New York, March 7.—Mrs. Elsie Lovatt of Kingston has accepted the office of chairman of the citizens' committee for sane liquor laws, recently formed by members who were active in the prohibition organization for national prohibition reform.

Mrs. Lovatt, who lives at the Hotel, will select a man in the community to serve as co-chairman. The state chairman of the citizens' committee for sane liquor laws is

Mrs. Jane Feyer, who was treasurer of the New York state division of the women's organization for national prohibition reform. The citizens' committee has headquarters at 450 Madison avenue. Mrs. Lovatt, who was also with the state division, is the executive director.

The purpose of the organization is to study and promote of legislation and administration regulating the sale of liquor to the end that the laws may be sane and workable and the administration honest and efficient.

Terra cotta jars containing well preserved food have been found in mounds of the Aztecs, Mayas and Toltecs, ancient races of Mexico.

A Washington Daybook

By HERBERT PLUMMER
WASHINGTON—If anyone had a doubt that President Roosevelt is his own secretary of the treasury, the latest change in that department must have done much to set it aside.

Control of public building construction, involving contracts running into many millions of dollars annually, has been taken from Assistant Secretary Roberts and placed in the hands of a hard-boiled naval officer, Admiral J. C. Peoples.

Peoples' appointment, while announced by Secretary Morgenthau, actually is one made by the President himself. It is necessary to go back to the days of the world war when Mr. Roosevelt was assistant secretary of the navy to get the real reason for selection of the admiral.

At that time Admiral Peoples was the right hand man of Admiral Samuel McGowan, chief of the bureau of supplies and accounts. As such he had wide experience in the huge purchases made by the navy and came into the most intimate contact with Mr. Roosevelt.

Seniority Set Aside
SIX years older than the President, Peoples was made an admiral in 1917 over captains and commanders of much longer service. He was one of the youngest men ever to hold flag rank and Josephus Daniels, then secretary of the navy, was a bit reluctant to advance him.

What Congress Is Doing Today

By The Associated Press
Senate:
Debates cattle basic commodity bill after disposing of big navy bill. Hearings continued on stock market bill, on air mail contracts, and on six-hour day for railroads.

House:
Debates war department appropriation bill.
Assistant Secretary Woodring, to be questioned on war department national defense expenditures.
Testimony taking continued on stock market control (10 a. m.).

Red-Bellied Woodpecker
The red-bellied woodpecker is barred like a Plymouth Rock chicken and wears a red cap on its head. The cap covers the whole top of the head and not just a little spot as in the male downy and hairy woodpeckers.

Assessors Get Chance at School

Albany, N. Y., March 7.—Assessors of the cities and villages of New York state will attend school here next week. The New York state conference of mayors and the New York state department of taxation and finance will operate a training school for these officials in Albany on March 12, 13 and 14. The purpose of the comprehensive course is to give assessors a knowledge of the fundamentals of their work. Lectures will be given daily from 9 a. m. to 5 p. m. by a staff of practical assessment experts.

The subjects to be taught at the schools include powers and duties of the state tax commission; tax law as it relates to assessment of property; reducing assessments; preparation and application of tax and land value maps; pertinent facts relating to property values; valuation of long, short and irregular lots, corner and alley influence and plot-tage; assessment of improvements (buildings); depreciation and appreciation (buildings); assessment of public service and industrial property; assessment roll and grievance day procedure; special assessments for local improvements.

The expert staff of instructors will consist of Commissioner Mark Graves, president, state tax commission, Albany; Seth T. Cole, deputy commissioner, law bureau, New York state department of taxation and finance, Albany; Commissioner John P. Hennessy, New York state department of taxation and finance, Albany; William Weiss, assessor, White Plains; Gordon E. Ferguson, expert appraiser, Pelham; Timothy Murray, assessor, Yonkers; Clifford Goss, assessor, Syracuse; Joseph F. Kenny, senior valuation engineer, New York state department of taxation and finance, Albany; Harold R. Enslow, assistant director, local assessment bureau, New York state department of taxation and finance, Albany; Philip Cornick, institute of public administration, New York city; Daniel R. Spratt, deputy commissioner, local assessment bureau, New York state department of taxation and finance, Albany.

This school is part of the general program of regular training provided under the direction of the mayors' conference and its bureau of training and research for over 15,000 men and women in the municipal service in New York state.

SHANDAKEN.
Shandaken, March 6.—Mrs. George Rosa visited relatives in Dry Brook over the week-end.

The Ladies' Aid held its regular monthly business meeting in the church hall on Thursday afternoon. After the business session delicious refreshments were served by Mrs. A. G. Brown, Mrs. Eli Miller and Mrs. Edward Rowe.

Charles Griffin is spending a week's vacation in New York city and Long Island.

Mid-week service will be held on Wednesday at 7:30 p. m. at the home of Mr. and Mrs. Ward Hummel.

Burr Knight and Theron Townsend made a trip to New Paltz on Thursday.

Mrs. A. G. Brown, Mrs. Fred Rosa and Mrs. Fred Cleveland, who have been ill with severe colds, are all better.

Mr. and Mrs. W. D. Coons and daughter visited relatives in Delaware county over the week-end.

Mrs. Harold Brown has employment at the hospital in Oneonta.

The Home Bureau will hold its regular meeting for March on Thursday, March 8, at the home of Mrs. Ned Kelly in Allen. This will be an all-day meeting with Mrs. R. B. Webster and Mrs. Ned Kelly as local leaders teaching the lesson, "Modern Methods in Housecleaning." Members are asked to bring a box lunch.

F. S. Osterhout made a business trip to Kingston on Tuesday.

SKIN PIMPLY? Try This! Get Quick Relief

Disgusting, irritating, itching, tender pimples and ugly red blotches—nothing more. Trying to cover them up with costly cosmetics is useless—just a waste of money. Surely get a box of PETERSON'S OINTMENT. A single application will relieve irritation, bring pimples to a head and allow nature to heal. PETERSON'S has benefited thousands in just 10 years. Help clear up your skin—get quick relief or druggist will refund your money. Try PETERSON'S—your skin will thank you.

KELVINATOR

See 4 REFRIGERATORS IN One!

The illustration above shows plainly how many things the new Kelvinator will do for you. We hope you will be interested enough to come in and see how beautiful and convenient the Kelvinator is. We can give you a very definite idea of what it will save you, too, both in operating cost and in reducing your food budget. Come in to-morrow and see the finest of all electric refrigerators.

BERT WILDE, Inc.
632 BROADWAY KINGSTON, N. Y.

"What! 98c for Tooth-paste?" (That's What You'd Pay, Madam, If It Weren't for Advertising!)

NEARLY a dollar for a little tube of tooth-paste. \$3.25 for a pair of chiffon hose. 50 cents for a gallon of gasoline. And a flat two thousand for a "popular priced" car.

How far could the old family budget stagger under *that* kind of load? What's more to the point, *how many nice things could you afford to buy?*

There's one big reason why you don't have to pay such outlandish prices for quality things these days. It's because you—and millions like you all over the country—do your buying through the advertising you read!

And it's because you—and thousands like you here in Kingston who read the Daily Freeman—can afford to be choosy and critical when you shop for values.

For Daily Freeman ads save you money! A merchant can mark this good merchandise at a lower price when his Daily Freeman ad will bring many, many dollar-wise shoppers to his store. Having all these buyers gives him a good return on just a tiny profit per item! And you pay no big "mark-up"

But price isn't everything. You get better *quality* in advertised goods. They have "acceptance"—they've been tested by thousands of shoppers as careful as yourself. And found *worthwhile*. They must be good or the merchant wouldn't spend his hard-earned money to advertise them in this newspaper where you can compare them with other offerings every day.

It will pay you *many times over* to read the ads in the Daily Freeman regularly.

How Advertising LOWERS The Price of What You Buy!

Take Tooth-paste, for instance. Good tooth-paste. It may cost Mr. Manufacturer, Mr. Jobber and Mr. Druggist 30 cents a tube to make and sell it—counting salaries and packaging and transportation, rent and other "overhead" and the interest due on the note at the bank. A fair profit all along the line . . . and then this tooth-paste could be sold for 45c—if everybody knew about it!

Sure . . .

. . . but who does know about it? Just a mere handful of people who have heard of it by "word of mouth." A few hundred maybe. Not enough to pay the manufacturer's rent and his NRA salaries. **NOT ENOUGH TO LET HIM STAY IN BUSINESS.**

And so . . .

. . . he can do one of two things. Raise the price to nearly a dollar (as in our picture above) while you brush your teeth with plain water. Or raise the price a bare nickel per tube and spend that nickel per tube on advertising—to tell his story to millions—do a volume business at a small profit—and bring you good tooth-paste at 50c or even less.

Runyan-Smith Have Chance to Shatter Long Standing Golf Record

By ALAN GOULD
Associated Press Sports Editor

Miami, Fla., March 7.—The Miami Open golf tournament, which has been the longest running of its kind in the United States, will have a chance to shatter a long-standing record today when the two-time defending champion, Walter Hagen, will meet the defending champion, Walter Hagen, in the final round.

No team has ever won the event twice since it was established as an annual fixture in 1922. Smith and Runyan won the 1932 tournament and they were favored to repeat in the 36-hole final against Hagen, who was the defending champion, and his partner, Al Espinosa of Akron, Ohio.

Tommy Armour, the Silver Scot, so far has been the only double winner but he turned the trick with different partners. He won with Bobbie Cruickshank in 1927 and paired with Ed Dudley to top the field in 1932.

The prospective putting duel between Shute and Runyan attracted the chief interest of golf's faithful. Runyan in particular has been going strong in Florida and the professional already are looking for the former Arkansas boy to lead the forthcoming battle with Hagen.

Walter Hagen, the old warrior who was blasted out of the tournament yesterday along with Tom Creavy of Albany, N. Y., by the Smith-Runyan combination by the lopsided score of 10 and 9, volunteered the statement that the bantamweight Runyan is the "new Jones" of American golf.

Shute, who combined with Espinosa to eliminate Wiffy Cox and Bill Mehlhorn, 5 and 4, in the other semi-final, has been on a scoring spree most of the week.

Kendalls Defeat St. Mary's Big Five

The Kendall Oil Five scored its second triumph at St. Mary's Hall this week by outscoring the St. Mary's Big Five, Tuesday, 30-18. Johnny Zech, scoring champion of the DUSO League, led the Oilmen in point collecting by gleaming 12 markers on five fields and two fouls. Kelly did the best shooting for St. Mary's. He made 7 points.

An early lead by the Kendalls saved them their big margin of victory and their second win this week at the same court where they outscored the Counselors, Monday. The Oil Five made six points before the home club was able to score at all.

Individual tallies:

Kendall Oil Five	FG.	FP.	TP.
Rhymer, R.	1	0	2
Zech, J.	5	2	12
Evory, C.	1	0	2
Schilke, C.	0	3	3
Dykes, J.	1	2	4

Kelly, F.	3	1	7
Total	7	4	18

Score at end of first half: Kendalls, 16; St. Mary's, 8. Fouls committed: Kendalls, 16; St. Mary's, 24. Referee: Gorman.

Wilbur Five Trips Polish Team, 38-34

Getting off to an early lead, the Wilbur Men's Club defeated the Z. N. P. quintet Tuesday in one of the biggest upsets of the season at White Eagle Hall, 38-34. Stars of the contest were Kieffer and Joyce for the Polish cagers with 15 and 14 points respectively, and Gelsier for Wilbur with 11.

In the preliminaries to the feature at the Delaware avenue court, the White Eagles trimmed Spencer's Collegians, 34-33. Kolano starting for the winner with 10 points and Charlie Beck for the losers with 12, and the Z. N. P. Girls played a 2-2 tie with Morans. Miss Raskoskie was the main scorer for the Zs with six points.

Individual scores made in the main game:

Z. N. P.	FG.	FP.	TP.
Kieffer, R.	6	2	15
Kapoch, H.	0	3	3
Kolano, H.	0	1	1

Reading, Pa.—Ernie Dusek, 218; Omaha, three Frank Brunowicz, 218; Chicago, 45-00.

SPORT SLANTS

By ALAN J. GOULD
(Associated Press Sports Editor.)

It is the custom of such a championship series that the Philadelphia Phillies and a close contender of the series in connection with the actual play can decide the Tilden-Vines tour.

Tilden, who began losing to important matches like the national championships and Davis Cup challenge rounds. In 1932 Johnny Doe put him out of the national at Forest Hills. In 1933 Karel Kozeluh put Tilden out of the national professional championships. In the tour with Vines, Tilden lost 11 out of 20 matches.

"So how about Vines?" He was supreme in 1921 and up to the Davis Cup challenge round in 1932; that's July. Then Borotra beat him in an all-important Davis Cup match. Later that year Vines came back to beat Cochet in the American championships and everybody said the Borotra reverse was a mistake.

"But Vines wasn't showing invincibility in Australia that winter and last summer he faded rapidly. In matches that were supreme tests, first Crawford, the Australian, then Perry and Austin all beat him."

"Vincent Richards, the 1933 American professional champion—in the absence of Tilden, Kozeluh and other stars—is admittedly not as good as Tilden. As to Kozeluh, Nusslein, Pias, Najuch, Cochet and the other foreign pros—well, general results show them about in Tilden's class."

Daily Beatings—On Paper.

With a bit of what I suspect is Philadelphia sarcasm, Mr. Senender prefaces the above analysis with the query: "May I put in a word for these poor, dub amateur tennis players like Perry, Crawford, Austin, Shields, Borotra and Sidney Wood, with perhaps Andre Meril, too, this year? They are being so indignantly beaten day after day by the professional ballyhooists on paper, that now even you are getting that way."

Consider it spread on the record, Bob, with due acknowledgment. Maybe I'm wrong but after peering rather closely at the best amateur tennis brigade could produce last September at Forest Hills and then watching the professional performances of Messrs. Tilden, Vines, Pias and Cochet on three separate occasions this winter, I still cling to the notion that in the mixed company of an open championship, the amateurs would be lucky to have one survivor in the semi-finals.

Amateurs Aren't Consistent.

As compared with what these players can produce now, what chance has the star amateur to develop the stuff sufficient to cope with them? Analysis of the records of even such amateur aces as Perry and Crawford, over the last two or three years, shows astonishing inconsistencies. The ranking American amateurs have even more erratic records. Admittedly Shields or Wood, on their best days, could give Tilden a real struggle and perhaps beat him, but how often have they shown they can play at top form? Who would select either to take 2 out of 3 matches from Big Bill?

Borgman's Crescents At B. W. S. Tonight

This is the night that Benny Borgman and his Paterson Crescents invade B. W. S. Hall, High Falls, for the eagerly awaited cage duel with Pete Bruck's All Stars and expectations are that the largest crowd of the season will pack the place.

Borgman, one of the most prominent basketball stars of the old state league and the American loop, will be accompanied by other fighters as follows: Giza Chasmasia, "Lefty" Kinsing, Chris Nagle, Al Gordon and "Red" Conaty.

Bruck will use his regulars, Herb Van Deusen and Ben Chilson, forwards; Vince Knoll, center; Woody Wood and Bob Cullum, guards. Bruck will be in reserve himself.

There will be a preliminary between the Stone Ridge Juniors and Stone Ridge Glens. This is scheduled for 8 o'clock and the main game, 9 o'clock.

There will be dancing with music by Maiseholder's Commanders.

Girls' Basketball Contests Thursday

The regular weekly basketball games in the girls' league at the Y. W. C. A., 14 Henry street, will be played Thursday night as follows:

Fullers vs. Hercules, 7:15 o'clock.
Rosendale vs. Varsity at 8:15.
Holy Cross vs. St. Mary's, 9:15.

Friends of players are admitted to the games for a nominal fee.

FIGHTS LAST NIGHT

(By The Associated Press)

Seattle—Cecil Payne, 129½, Louisville, Ky., outpointed Al Lewis, 129½, Seattle, (8).

San Jose, Calif.—Tommy King, 134, Fall River, Mass., outpointed Buster Hall, 147, Philadelphia, (10).

Amarillo, Tex.—Eddie Murdoch, 155, Los Angeles, and Johnny Farrell, 156, Dallas, drew, (10). "Pop" Huber, 125, Philadelphia, stopped Ernie Beckworth, 142, Amarillo, (11).

Some Shoe!

Training Camp Briefs

(By The Associated Press)

Sarasota, Fla.—"No swimming" is the only spring training rule in the Boston Red Sox camp. After waiting for two days for Manager "Bucky" Harris to outline his rules and regulations, the players had to ask him about his views on this and that.

"Most of you are veterans," "Bucky" said, "and know just what you can do and not do. The only thing I forbid is swimming. You may get a severe sunburn out of it. As for the rest of the usual rules, it's up to you to make your own."

Avalon, Calif.—Between invalids and a holdout, Manager Charlie Grimm of the Chicago Cubs, had only 22 men today from which to pick a pair of teams.

Infielder Billy Herman is the holdout, while Lynn Nelson, another pitcher, was out of action with an abscess in his ear. Bill Jurgens and Woody English, infielders, are suffering with eye trouble.

Port Myers, Fla.—If the Philadelphia Athletics fall to make a good showing against the New York Giants in their opening exhibition game Friday it won't be because Manager Connie Mack didn't work them hard enough.

The American League club's regulars and the "Yanigans" played a regulation 9-inning game yesterday, with the veterans clinching a 6 to 3 victory in the eighth.

Winter Haven, Fla.—The young man from Azusa—a little town in California—is holding the spotlight in early competition for pitching berths on Philadelphia's National League team. Curtis Davis by name, he attracted the most attention among thirteen hurlers yesterday.

Commenting on the entire battery group, Manager Jimmy Wilson said: "That was the best opening day workout I have ever watched. Some of the new men look like good prospects."

St. Petersburg, Fla.—Now that Ed Brandt, the Boston Braves star left hander is in camp, Manager Bill McKechnie's only worry centers about the whereabouts of Ray Starr, the right hander purchased from the Giants.

Starr's trunk arrived here several days ago but the hurler, believed to be motoring from his Nowata, Okla., home, has yet to claim it.

Aces Trim Saugerties, Men's Club Olympics

Tuesday night in the Pythian Hall, Port Ewen, at the weekly games sponsored by the Connelly Men's Club, the Connelly Aces had an easy time defeating the Sunoco basketball team of Saugerties. This was accomplished by gaining a lead of 10-0 in the first quarter and keeping it throughout the game. F. Kowski led the Connelly Aces by scoring 10 points. Helfrich of Saugerties starred with 14 points for the largest tally of the game.

In the second game the Connelly Men's Club defeated the Olympics of Kingston who were defeated earlier in the season by the Connelly Aces. The score was tied 13-13 at the beginning of the third quarter but the Men's Club succeeded in bagging three fields while they held the Olympics scoreless. Kennedy of the Connelly Men's Club and Cooper of the Olympics were the highest scorers.

The individual scores were as follows:

Connelly Aces	FG.	FP.	TP.
R. Maurer, H.	2	1	5
R. Avery, R.	2	0	4
F. Kowski, C.	5	0	10
F. Maurer, J.	3	1	5
E. Maurer, R.	1	0	2
J. Kowski, J.	2	0	4
I. Maurer, H.	0	0	0
K. Mencil, R.	0	0	0
Total	14	2	30

Saugerties Sunocos

FG.	FP.	TP.	
Shaler, R.	0	0	0
Maines, H.	1	0	2
Helfrich, C.	7	0	14
Kellerhouse, J.	0	0	0
Rieger, R.	2	0	4
Abeel, J.	0	0	0
Total	10	0	20

Score at half—Connelly Aces, 12; Saugerties Sunocos, 2. Referee—Kennedy. Timekeeper—Fitzpatrick.

Young Israelis Edge Out Falcons, 19-18

The Young Israelis edged out the Falcons Tuesday evening at the Downtown Jewish Community Center, 19-18, by virtue of two fouls shot by Fertel with less than a minute to play.

The scores:

Young Israelis—Samuels 4, Greenspan 2, Fertel 11, Lurie 2, total 19.
Falcons—Madden 8, L. Geuss 4, Maines 6, total 18.

The Young Israelis desire games with other junior teams of this vicinity. Managers interested should communicate with "Sig" Samuels.

BILLIARDS

In 27 innings, "Hotch" Alcon, downtown billiardist, won the city tournament match with Clifton Quick at Nick's Tuesday night. The score was 100-25. A large gathering of fans witnessed the contest. High runs were Alcon 14 and 13, Quick 5. There will be no match tonight. Thursday Ken Craig meets Stanley Wojcio.

Pick Your Sport

CLIPPING AT SPORTS

By Joe Kelly

Close Playing

Those who attended the basketball program at White Eagle Hall Tuesday, saw one of the closest and games ever played in Kingston. It was between the Morans Business School quintet and the Z. N. P. girls and ended nine all after an extra period.

During the battle the girls got so enthusiastic and played so hard that two injuries resulted, both to Z. N. P. team members. Little Evelyn Raskoski, diminutive forward, had her nose severely injured, probably broken. It was thought, and Agnes Keyser was injured about the forehead.

Luckies Drill Tonight

Jack Troy's Luckies, who open the Ulster county basketball series Friday night with the Rosendale Firemen as opponents, will practice at White Eagle Hall, this evening, starting at 8:15. All members of the team are requested to be on hand early for the drill.

Regarding the takeoff of the series, it is expected to be a real gingery affair, witnessed by a crowd that will tax the capacity of the Delaware avenue court.

The other team listed in the series scheduled is Pete Bruck's All Stars, representing Stone Ridge.

Tonight the Bruckmen will engage in their biggest battle of the season, meeting Benny Borgman's Crescents at B. W. S. hall, High Falls. This tilt, featuring the Paterson experts, is expected to draw fans from every corner of Ulster county.

Tips for Pitchers

Manager Frankie Frisch of the St. Louis Cardinals is much concerned with teaching his pitchers how to field bunts and cover first base, says news from the Red Birds' training camp at Bradenton, Fla.

Paul Dean, described by his brother Dixie as "a greater pitcher than I am, if that's possible," conferred again with Branch Rickey but reached no salary agreement.

Plantnaber-Gentile

Billiard fans seem to be devoting much conversation to the subject of Freddie Plantnaber's chances of trimming Tony Gentile in a special match after the city tournament closes.

Freddie recently copped the championship for 1934, winning 10 out of 12 matches at Nick Kaslich's parlor, although the campaign will not end until Sunday afternoon, and many believe he is capable of taking over Gentile.

Tony won the title last year and was favored to repeat by those supposed to know their billiards. However, he dropped out of competition for several reasons early in the tourney and thus Plantnaber had no chance of showing his skill against the clever Italian.

It is presumed that an agreement may be made to have the two meet soon to settle the issue of superiority.

For The Sports

"Pick Your Sport," a pictorial feature, starts in The Freeman today. Whatever your favorite form of recreation may be, you'll find there are famous folk who share your enthusiasm by following the series of pictures. Do this and learn of the princes of industry, royal personages and other "big names" who find their fun in your sport.

WRESTLING LAST NIGHT

(By The Associated Press)

New York—Sandor Szabo, 214, Hungary, defeated Abe Coleman, 204, California, 1:24:23 (Coleman disqualified).

Albany, N. Y.—Joe Savoldi, 200, defeated Scotty MacDougal, 214, Toronto, two out of three falls.

Providence, R. I.—Earl McCready, Toronto, defeated Red O'Dell, California, two out of three falls.

Bangor, Me.—Al Mercier, 210, Springfield, Mass., defeated Boris Demetoff, 212, Bulgaria, two straight falls.

ZENA

Zena, March 7.—The regular business meeting of the Zena Country Club was held last Friday evening with a large attendance. Two new members were elected and admitted, Fred Thaler, Jr., and Elmer Hung. At the close of business a social hour was enjoyed by all and turned out to be an impromptu birthday party when it was revealed that two members present were celebrating. Mrs. Charles Krause and Aurel Holmner, also the wedding anniversary of Mr. and Mrs. Holmner. Refreshments were served and a party at the home of Officer Stewart in honor of his daughter on Saturday evening.

Services in the Reformed Church both for Sunday and regular service were well attended and in charge of John Heidenreich. Christian Endeavor had their regular meeting under the leadership of Lillian Van Eten. Oliver Shultz will lead next Sunday evening.

Mr. and Mrs. Lewis Long and daughters, Helen and Blanche, called on Mr. and Mrs. Chester Peterson of Flatbush last Sunday.

Miss Florence Hill, together with Mr. and Mrs. Clifford Cartright, motored to Gloversville Saturday to the home of Miss Hill, the occasion being the birthday of Mrs. Hill.

The Misses Nellie and Carrie Carnright spent Sunday at their home here.

Ulster County Gun Club Held Annual Meeting Tuesday

Frank Chaffee, Sr., of Ulster County, elected President; Frank J. Gonski, Vice President; Kenneth Cole, Secretary-Treasurer; Roy M. Sutliff, Field Captain.

There was a small attendance at the annual meeting of the Ulster County Gun Club Tuesday evening at Metable's restaurant on W. street but those who attended were well rewarded for their attendance.

A fine roast beef dinner was served and there were several matters of interest to trap shooters. During the evening, Lester W. Wink showed several reels of movie pictures including one which, a thrilling scene of the capture of a live lion by airplane. There were other films of big game hunting, Africa and scenes of wild life on the Mississippi river. At the conclusion of the show Mr. Wink was given a rising vote of thanks for an excellent program.

Roy M. Sutliff, retiring president, presided at the business session, review of the activities of the club in 1933 was given. During the year three registered shoots were held in addition to some 30 individual shoots and an annual county championship shoot in the fall. During the past winter, shooting has been slow as the extreme cold and deep snow has made shooting almost impossible. Mr. Sutliff reported that members of the club during the past year had attended several shoots, including the state affair and the local club had been instrumental in getting the 1934 shoot for Newburgh. At Kingston there were several bids for the shoot but the Kingston delegates threw their weight for Newburgh and that city will have the 1934 shoot.

Several shoots have been held with other clubs including the championship Saugerties team. The president reported that the Ulster County Gun Club had won the Winchester trophy from New Paltz during the year but had again lost it to Saugerties. Many improvements have been made at the traps during the year.

Sutliff reported that this year's annual county championship shoot will be held by the Federal Sportsmen's Club of Ulster county at the local traps instead of the Ulster County Gun Club as in the past. The Gun Club offered to change and the Federated Clubs accepted the offer. New trophies will be put up this year since Saugerties has permanently won the Colman trophy which was donated by the Ulster County Gun Club. New rules are in the process of being formed and the new rules will probably provide for some handicapping regulations which will permit every club to compete on an equal footing. The Ulster County Gun Club which was red from competing for the Colman trophy by reason of the club dropping the trophy will be eligible to compete for the new trophy.

At the registered shoots held in 1933 there was a fair attendance. There were 45 shooters at the first 33 at the second and 25 at the third. Nearby shoots on the last date drew away several shooters.

The club voted to hold four registered shoots this year and the tentative dates set, subject to approval by A.T.A., are June 10, July 10, August 12 and September 16.

Field Captain Roswell Coles reported on the work done at the traps the past year. There were 353 targets thrown and the club now has on hand 42,500 targets and 13 shells. Thus far in 1934 only 10 targets have been thrown due to the severe weather. Last year January and February several days were thrown.

The State Shoot will be held Newburgh on June 29 and 30. Charles Finch asked for suggestions for drawing up rules for a new county championship trophy. The committee in charge he said, in mind putting up a new trophy to be shot for under handicapped rules. The Winner trophy it is thought should be shot from the Gun Club (favored this arrangement).

Since the annual county championship shoot had been turned over to the Federated Sportsmen's Clubs it was also decided to turn over the annual singles shoot to the organization and hold the two shoots on the same day as has been done in the past.

Suggested changes in the by-laws and constitution were discussed, and changes were that the office of secretary and treasurer be separated and that the office of Field Captain be made an appointive office. No action was taken as 10 days' notice must be given for such a change. Members were asked to think the matter over so that it might be taken up at a later date.

Frank Chaffee, Sr., of Ulster County, was elected president of the club, succeeded Mr. Sutliff. This was in line with the policy to promote vice-president to the office of president. Chaffee is a left handed shooter and in order to be consistent give the left handers a chance as well as keep the Franks of the club line Frank Van Gonski, another left hander, was elected vice-president. Roswell Coles, who has been acting as field captain and doing much of the secretarial work, was elected the office of secretary-treasurer at suggestion of Vic Roth, who has been the secretary-treasurer since the organization of the club. Roy M. Sutliff was selected as field captain with the understanding that his work was to be done by Roswell Coles the same as in the past in connection with his duties as secretary-treasurer. The retiring president very generously consented that the office of field captain be paid. Mr. Coles as he would do the while Mr. Sutliff received only the glory attached to the office. Roy M. Wink was elected director a term of three years to succeed Mr. Martin.

After a rising vote of thanks been given Mr. Sutliff for his work during the past year the meeting adjourned and Mr. Wink put on a picture show. A vote of thanks also given Mr. Wink for the support and cooperation which constantly has given the club.

We are sorry to hear that George Draffen, who is with his daughter down in New Jersey, is not well. Harold Laps from Woodstock is drilling a well on the grounds across from the Zena Country Club where the new home of Mr. and Mrs. Floyd Simmons will shortly be erected.

Local Death Record

Amory E. Neal died at Lancaster, N. Y., Tuesday, March 5. Funeral services will be held at the home of H. V. Neal, Lancaster, at 1 p. m. Thursday, March 8.

His remains are resting at the W. C. Conner Funeral Home, 234 Fairview street, where friends may view them. Funeral services from there Friday at 2 p. m. Interment will be in the

Mrs. Elizabeth Lane, wife of Grover Lane, formerly of Kingston, died at her home in Collierville, N.Y., today. Surviving are her parents.

Mr. and Mrs. John Glass, of 45 Cedar street, three daughters and three sons. Her funeral will be held Friday at Noven, Pa.

Private funeral services were held this afternoon for the late Mrs. Adeline Sloat Campbell from the home of her daughter, Mrs. John E. Rowland, 124 Spring street. The

The impressive funeral service for Rev. Fred H. Deming of Trinity A. M. E. Church officiated and was assisted by the Rev. James N. Armstrong, Jr., pastor of the Rondo Presbyterian Church. The hearers were grandsons of Mrs. Campbell, and interment was in the family plot in Montpelier cemetery.

The impressive funeral service conducted for Mrs. Anna M. Sashloff, wife of Owen Sashloff, of Montrepose avenue, was a beautiful tribute to the memory of a true wife and mother. The Rev. E. I. White, pastor of Immanuel Evangelical Lutheran Church of which Mrs. Sashloff was a member, officiated. Condolences expressed in Social

terings and a large delegation of lifelong friends enriched the beauty of the ceremony. Ray Sachloff, Fred Sachloff, William Peters, Henry Peters, Herman Wolff and Ralph Nickerson acted as bearers, both at the home and at Montrepasse cemetery, where interment was made.

Game Is Postponed.
The dart baseball game slated for this evening between Port Ewen and the Clinton Avenue M. E. Church players has been postponed until Friday night.

WEDNESDAY, MARCH 7, 1934.
Sun rises, 6:24; sets, 5:52.
Weather, cloudy.
The Temperature.
The lowest temperature registered by the thermometer at Kingston last night was 34 degrees. The highest point reached by the thermometer today was 45 degrees.
Weather Forecast.
Washington, March 7 (AP)—Forecast: New York: Snow, showers tonight; Thursday fair; colder Thursday and in north and central portion tonight. The wind at Albany at 4 A. M. was northwesterly, velocity 4 miles an hour.

Roosevelt Planning Mid-May Congress End
Negotiations Will Be Last Seen to Capital Hill—Hillmen to Sacrifice Few Measures, Report Claims.
Washington, March 7 (AP)—President Roosevelt is understood to be ready to bring about adjournment of the 73rd congress at the earliest possible moment and by mid-May at the latest.
Only one more message will be sent to Capitol Hill, that one relating to war debt negotiations. It is described in usually reliable quarters as more in the nature of a report than a proposal for new legislation.
There is every indication that the president is willing to sacrifice some "pet" measures now before congress in the hope of pleasing the existing program to conclusion.
Congressional attention, it is indicated, will be focused henceforth on passage of the necessary 20th amendment bill to keep the government in funds next year; the long-hold plugging income and general tax measure and the reciprocal tariff bill upon which house hearings are tomorrow.
Mr. Roosevelt is confident, however, that the bill to coordinate all communications under a single commission will be passed before the adjournment deadline.
Major scraps impending over the tariff, veterans benefits, the St. Lawrence seaway treaty ratification, and possibly the stock market control bill, but Mr. Roosevelt appears unworried that the congressional session will be unduly extended.
Today the senate, after swamping opposition to the big navy building bill, was required to take it up again to dispose of a motion to reconsider. The bill, which provides that the navy be built up to treaty limits, passed yesterday, 65 to 18.
The senate planned to turn later to a bill to make cattle a basic commodity under the agricultural adjustment act, while the house continued debate on the \$280,000,000 army supply bill.
The air mail situation also came back for more discussion. Provided a conference could be arranged, Postmaster General Farley planned to discuss permanent legislation with the senate postoffice committee.
Word circulated unofficially in house quarters that the administration would agree to a direct postage rate for private transport of the air mail, as proposed in the house postoffice committee's bill.

Begin Campaign on Engineers' Licenses
To supply needed information concerning the engineering profession, the training required and the qualifications necessary for licensing, the New York State Society of Professional Engineers, representing ten thousand licensed professional engineers in the state, is initiating a special campaign of public education.
It is not generally known, stated Dr. D. B. Steinman, past president of the organization and now chairman of the State Board of Examiners for Professional Engineers, "that engineering is a learned profession, requiring many years of education and training for qualification, and that a license is required as a prerequisite for practice."
According to a booklet of information just issued by the state society, the State Education Law declares it to be unlawful for any person to practice or to offer to practice engineering, unless such person is duly licensed as a professional engineer. The law, like that regulating the practice of medicine and other professions, makes no distinction between the different branches or specialties of the engineering profession. Uniform requirements and examinations apply to all candidates for engineer's license. The law does not cover "operating engineers," that is men who operate engines; these men, it is pointed out, should properly be called "enginemen."

"West Side Frankie" On Spot in Chicago
Gambler-Bootlegger Shot Early This Morning in Hotel Room—Maid Heard Shot, Fled—Killers Escaped.
Chicago, March 7 (AP)—"West Side Frankie" Pope, gambler, was shot and killed today in a hotel at 758 West Jackson Boulevard. Wounded six times in the head and body, he died instantly.
Pope had been reputed a millionaire boss of gambling rackets in Chicago.
He registered alone at the hotel at 5 A. M. today. Two men had inquired for him at 1 o'clock, but were told he had not registered.
A maid, passing the room occupied, said she heard a woman cry out, "Don't do that."
A moment later the shots blasted out Pope's life. The maid, terrified, fled without watching for the killer, and reported to the police.
Pope may have fought for his life. Two revolvers were found on the floor near his body—both discharged.

Missing Jewel Hunt, New Stavisky Angle
Pretty Young Mannequin Also Figures in Search—Trunks of Actress, Rita Georg, Also Being Held—Probe Continues.
Paris, March 7 (AP)—A search for the late Serge Stavisky's missing jewels—with a pretty young mannequin aiding—claimed the spotlight today in the investigation of the Bayonne pawnshop scandal.
The jewels sought were supposed to have been used by Stavisky to get funds from the Municipal Pawnshop. Afterward, police say, they were withdrawn mysteriously and disappeared.
It was just one of the many ways, investigators have revealed, in which the so-called "master swindler" succeeded in mulcting the public of millions before the resounding collapse of the pawnshop of which he was the founder.
The mannequin, an acquaintance of a man whose name has been mentioned in the Stavisky investigation, already has supplied valuable information, police said, and they planned to question her further.
The trunks of a beautiful blond actress, Rita Georg, were ordered seized today, but the reason for the order was not announced.
In addition, a vast collection of check stubs appropriated from Mme. Arlette Stavisky, widow of Serge, occupied investigators today.

Big Airliner Crashes, Killing Four Persons
Petersburg, Ill., March 7 (AP)—A blinding blizzard that glazed its wings with ice was blamed today for the crash of a St. Louis-Chicago airliner which cost four lives last night.
The Dead.
Hugh Sexton, 25, aviation editor of the Chicago Tribune.
G. H. Waelten, 38, East 41st street, New York.
Walter Hallgren, veteran transport pilot, who had flown nearly a million miles.
W. N. Bell of Chicago and Columbus, O., an employee of the Jeffrey Manufacturing Company.
The plane, an American Airways craft bound for Chicago, plunged down through swirling snow and smashed into a deep drift on a farm near here.
REDEEMER CHURCH LENTEN SERVICES
At the Evangelical Lutheran Church of the Redeemer the regular weekly Lenten service will be held Thursday evening at 7:45 o'clock. The Rev. H. Branson Richards will conduct the service. Musical program:
Prelude—Choral Prelude—Perry Anthems—No Shadows Tender—Gail Offertory—Forty Days and Forty Nights—Forty Days and Forty Postlude—Fugue in D Minor—Bach.
Missionary Meeting.
The Home and Foreign Missionary Societies of the Clinton Avenue M. E. Church will hold the regular business meeting at the home of Mrs. C. Van Williams, 125 Prospect street, Thursday afternoon at 2:30 o'clock.

Sandino Followers Kill 30 and Escape
Tortuguilla, Honduras, March 7 (AP)—Leaving 30 dead, followers of the late Nicaraguan rebel leader Augusto Sandino were said to be heading toward the Honduras border to escape pursued by National Guardsmen.
The fight began after a clash near the Wivil cooperative farming colony on the River Coco established by General Sandino, once famed for loyalty to United States Marines, who was killed by guardsmen in Managua February 22.

Millens Action Is Now Before Court
Supreme court was convened this morning at 9:30, and at that time a jury was taken in No. 14, an action brought in negligence by Thomas E. Kolb, as administrator, etc., against Mason Millers. This action was tried last December, and resulted in a judgment. A year ago last January, an Oakland car operated by Max Marion A. Middleton O'Donnell collided with a parked truck operated by Millens on the Saugerties road near the site of the old Red House. Donald Kolb of Mt. Marion was killed. At the time the lad was about nine years old. Mrs. Katherine Langman and her son, William, were also fatally injured.
Plaintiff alleges that the truck was stalled without lights on the highway and the car of Miss O'Donnell ran into the rear of the truck. This is denied by defendant, who claims that at the time there were lights on the car. Brindley & Elsworth appear for plaintiff and A. J. Cook for defendant.
Shortly after 10 o'clock seven jurors had been selected and Judge Adel adjourned that matter and took up the summation and charge in the Herschman-Ragovin case, which was on trial Tuesday and which had been adjourned until 10 o'clock. Since court opened Monday afternoon, Judge Adel of Brooklyn has kept things moving in the court. When the Herschman-Ragovin case was submitted to the jury the work of completing the Kold-Millens jury was taken up.
There were no additions to the day calendar.

Office Is Efficient Under Flanagan
Business Survey Being Completed With Small Staff—Local Office Declared One of Best in State.
E. Frank Flanagan, supervisor of the 11th New York District for the census of American business survey, states that the work in this section is nearing completion. The federal office, located at 317 Wall street, has been a very busy place for the past six weeks. Up to and including February 28, 8,000 business schedules had been received and forwarded to Washington.
At the present time the office is preparing for an analysis of delinquent taxes in Ulster, Orange and Dutchess counties.
It is expected that a real estate survey will be started shortly.
Counties covered in this survey are Ulster, Orange, Sullivan, Dutchess, Rockland and Putnam and Mr. Flanagan has accomplished the work with an office personnel of three and a force of 85 enumerators. W. W. Troup is assistant supervisor; Anne F. Reilly stenographer; and Mrs. Lillian Fredericks, clerk.
It is gratifying to note that the Kingston office has the record of being one of the most efficient in the state. Reports are mailed out regularly twice a week and while the detail is heavy the office force has been able to take care of it without any delay.

Rose and Gorman Cooking School
There was a good attendance of ladies at the opening of the National Pressure Cooker School, which is being held this week, from Tuesday to Saturday, at the Rose & Gorman store. Sessions begin at 2 o'clock each afternoon. The school is being conducted by J. F. Wyne.
The Pressure Cooker cooks without water, food being cooked in the steam of its own juices. Among advantages claimed for the new system are a saving of two-thirds in time as compared with other methods (a whole ham is cooked in 50 minutes), which means a saving in fuel used; the retention of all vitamins and mineral salts; no loss by shrinkage of meat. It is also possible to use to advantage cheaper cuts of meat.
The school is open to the general public and at each day's sessions prizes are given out to those attending. On the opening day the "capital prize," a handsome potted plant contributed by Burgerin, was given to Mrs. O. Wellerstein of 86 Cedar street. Other successful ones were: Mrs. Ernest Heppner, 35 Crane street; Mrs. Louis Beares, 107 West Chester street; Mrs. Gary S. Ponck-Hockie street; Mrs. J. Gellner, 214 Downs street; Mrs. Frank Zelle, 167 Green street.

Genesee Ice Jam Moves At Four Miles an Hour
Rochester, N. Y., March 7 (AP)—Moving at a speed of four miles an hour, an ice jam several miles long was pushing down the Genesee river towards Rochester today. The jam blocked the river yesterday and flooded highways near Avon.
Little damage was expected here, as it is believed the heaviest ice will be ground to bits between the river banks before reaching here. Circuits were prepared to supply emergency electric power, nevertheless, in case it becomes necessary to shut down turbine generators at the lower falls.
NIGHT CLASSES TO TEACH MACHINE GUNS TO YOUTHS
Rome, March 7 (AP)—Giovanni Fascisti or youths between 14 and 15 years in the Rome area will begin Sunday to learn how to operate machine guns.
In night classes they will master the mechanics of operation and on Sundays and holidays practice on targets.

Dr. Wynekoop Gets 25 Years in Jail
Jury Convicted Her Last Night of Slaying Her Daughter-in-Law. Under the "Operating Table" Murder That Horrified the Nation.
Chicago, March 7 (AP)—Only a higher court of death itself, can save Dr. Alice Wynekoop from the penitentiary now.
A jury convicted her last night of slaying her daughter-in-law, Rheta, in the "operating table" murder that horrified the nation. It fixed her sentence at 25 years' imprisonment in the penitentiary. Only two ballots were taken.
The murder drama that began when Rheta's body was found, a bullet in the back, on Dr. Wynekoop's operating table last November 21, kept interest in the rushing crescendo to the last.
With the jury in its place, ready to report its verdict, Judge Harry B. Miller summoned the jail physician to stand by the 63-year-old woman, and be ready to administer strong heart stimulants, lest the shock of the verdict strike her dead.
She did not need his ministrations. She heard the verdict as she sat in her wheel chair without a sign of a quiver. She turned to two of her children, Walker and Dr. Catherine Wynekoop, and said:
"Go home, now children, and sleep. Your mother is not guilty. No, no. No guilt."
In a moment it was over and this paradox of a woman, with a keen, strong mind in a frail body, was being wheeled from the court room, back to the infirmary cot at the county jail. There she will await the result of her attorneys' efforts to win a new trial.
Arguments for a new trial have been set for March 24. If they are denied, an appeal to the State Supreme Court is planned.
The verdict was regarded by many as tantamount to a death penalty for Dr. Wynekoop, who had collapsed time and time again during the four-day ordeal of this—her second trial. She suffered a complete collapse from heart disease during her first hearing last January. There was a likelihood, some physicians said, that she would die of natural causes before she goes to prison—if she goes.

Rock Wool Being Used As Insulation Here
People passing Clinton Avenue and seeing snow white material, Johns Manville Rock Wool, being blown through a Glass Pyrex Tube into the walls and attic of Dr. A. C. Gates' home have been asking Thomas Bohan, local representative of Johns Manville Corporation, who is doing this work, what the purpose of the material is for. He says this material saves 20 to 35 per cent of fuel bills, eliminates drafts and makes your home up to 15 per cent cooler on the hottest summer day. This material is blown into a home already constructed. This installation is the 15th made in the vicinity of Kingston within the last few months.
Auxiliary Meeting.
The March meeting of the Women's Auxiliary of the Y. M. C. A. will be held Friday afternoon at 2 o'clock at the Y. M. C. A. Devotions will be in charge of Mrs. Marie M. Pines. Mrs. R. W. Seavey will give an account of a biennial national missionary convention which she attended recently.

Central Business Men Meet Friday
The Central Business Men's Association will meet Friday evening at 8 o'clock in the Y. M. C. A. for the purpose of electing officers for the ensuing year. Plans for holding a spring banquet of the association will also be discussed at the meeting.

Saugerties Will Entertain Firemen
The annual convention of the Hudson Valley Volunteer Firemen's association will be held in Saugerties this year on Tuesday, Wednesday and Thursday, June 12, 13 and 14. The annual parade will be on Thursday afternoon, marking the close of the convention.
REGIONAL HATCHERY CODE CHAIRMAN ARE CHOSEN
At a meeting of the Hatchery Code committee from seven of the lower Hudson Valley counties, held in Newburgh on Tuesday, W. E. Duzer of Orange county was chairman of the regional Hatchery and Breeder Code Coordinating Committee. The Ulster county committee is composed of Irving J. Kane of New Paltz, chairman; William W. Duzer of Saugerties and C. H. Warner of West Shokan. Violation of the code should be reported to the committee, which will have some supervision of the code compliance in Ulster county.
Every person selling 500 or more baby chicks must sign up and comply with the provisions of the code. The necessary forms are being sent to all the hatcherymen and dealers. Additional forms may be secured at the Farm Bureau Office in Kingston.

WANTS FIRE HYDRANTS CLEANED OUT QUICKLY
Editor Freeman:
Dear Sir:—Now that spring weather is here, it may not be out of place to suggest that the fire hydrants located at, or near, streets called dead ends; as for instance, at the end of Canal street downtown, be blown off to eliminate the accumulation of sediment, etc. This has not received the attention of the proper authorities for many months. There are many such hydrants in the city and in the interest of purification and health it is to be hoped the matter will have the proper attention suggested.

CHAS. AMATO, Prop.

Central Business Men Meet Friday
The Central Business Men's Association will meet Friday evening at 8 o'clock in the Y. M. C. A. for the purpose of electing officers for the ensuing year. Plans for holding a spring banquet of the association will also be discussed at the meeting.

Saugerties Will Entertain Firemen
The annual convention of the Hudson Valley Volunteer Firemen's association will be held in Saugerties this year on Tuesday, Wednesday and Thursday, June 12, 13 and 14. The annual parade will be on Thursday afternoon, marking the close of the convention.
REGIONAL HATCHERY CODE CHAIRMAN ARE CHOSEN
At a meeting of the Hatchery Code committee from seven of the lower Hudson Valley counties, held in Newburgh on Tuesday, W. E. Duzer of Orange county was chairman of the regional Hatchery and Breeder Code Coordinating Committee. The Ulster county committee is composed of Irving J. Kane of New Paltz, chairman; William W. Duzer of Saugerties and C. H. Warner of West Shokan. Violation of the code should be reported to the committee, which will have some supervision of the code compliance in Ulster county.
Every person selling 500 or more baby chicks must sign up and comply with the provisions of the code. The necessary forms are being sent to all the hatcherymen and dealers. Additional forms may be secured at the Farm Bureau Office in Kingston.

WANTS FIRE HYDRANTS CLEANED OUT QUICKLY
Editor Freeman:
Dear Sir:—Now that spring weather is here, it may not be out of place to suggest that the fire hydrants located at, or near, streets called dead ends; as for instance, at the end of Canal street downtown, be blown off to eliminate the accumulation of sediment, etc. This has not received the attention of the proper authorities for many months. There are many such hydrants in the city and in the interest of purification and health it is to be hoped the matter will have the proper attention suggested.
U. G. EDINGER,
51 West Chester Street.

Office Is Efficient Under Flanagan
Business Survey Being Completed With Small Staff—Local Office Declared One of Best in State.
E. Frank Flanagan, supervisor of the 11th New York District for the census of American business survey, states that the work in this section is nearing completion. The federal office, located at 317 Wall street, has been a very busy place for the past six weeks. Up to and including February 28, 8,000 business schedules had been received and forwarded to Washington.
At the present time the office is preparing for an analysis of delinquent taxes in Ulster, Orange and Dutchess counties.
It is expected that a real estate survey will be started shortly.
Counties covered in this survey are Ulster, Orange, Sullivan, Dutchess, Rockland and Putnam and Mr. Flanagan has accomplished the work with an office personnel of three and a force of 85 enumerators. W. W. Troup is assistant supervisor; Anne F. Reilly stenographer; and Mrs. Lillian Fredericks, clerk.
It is gratifying to note that the Kingston office has the record of being one of the most efficient in the state. Reports are mailed out regularly twice a week and while the detail is heavy the office force has been able to take care of it without any delay.

Now you can have Real Oriental Beauty
for the price you would pay for an ordinary Domestic Rug...
Karastan, Karashah and Kara-Sarak
Rugs bring you the warm, glowing loveliness of real Orientals at a price you can easily afford. You may compare these rugs with real Orientals... They have the same glowing lustre, the same glorious color themes, the same perfection of design and craftsmanship. Every one is an exact reproduction of some outstanding Oriental masterpiece, retaining all the exquisite colors of the original. Sold only by Stock & Cordts.
THE PRICES RANGE FROM
\$79.50 UP
Approximately 9 x 12 size
You are invited to visit our rug department whether or not you have any thought of buying. See if you can distinguish between Karastans and real Orientals. It will be an interesting test of your knowledge of Oriental texture and color.

CURTAINS AND DRAPERIES
